FOR APPROVAL OF A CHANGE IN PLACE OF )  
USE OF WATER )  
-----

ORDER APPROVING  
TRANSFER NO. 4351

On December 21, 1979, an application was filed in the office of the Water Resources Director by Billie K. and Charlean T. Glover for approval of a change in place of use of water from Deschutes River, pursuant to the provisions of ORS 540.510 to 540.530.

By Decree of the Circuit Court for Deschutes County, Oregon, entered September 30, 1958, in the matter of the Determination of the Relative Rights to the use of the waters of Deschutes River and Its Tributaries, a water right was allowed in the name of Central Oregon Irrigation District for the use of the waters of Deschutes River for irrigation of, among other lands, a certain 3.0 acres in SW $\frac{1}{4}$  SE $\frac{1}{4}$  of Section 20, Township 15 South, Range 13 East, W.M., being tabulated in the name of C.E. Dawson at Volume 16, page 130, with dates of priority of October 31, 1900 and December 2, 1907, as evidenced by the certificate recorded at page 29052, Volume 21, State Record of Water Right Certificates. These lands also have a supplemental right under permit No. 23256 to the use of water stored in Crane Prairie Reservoir with a date of priority of February 28, 1913. These lands are irrigated by means of the Pilot Butte Canal.

The applicants herein, owners of the lands above described, propose to transfer the water right therefrom, without loss of priority, to a certain 3.0 acres in SE $\frac{1}{4}$  SE $\frac{1}{4}$  of Section 30, Township 14 South, Range 13 East, W.M. (Robert Hewitt, Jr.).

The lands involved herein are within the boundaries of the Central Oregon Irrigation District and the Board of Directors of said District approved the proposed change in place of use of water at a regular meeting held July 10, 1979.

Mr. Robert F. Main, Jr., Watermaster, has filed a statement to the effect that the proposed change in place of use may be made without injury to existing rights.

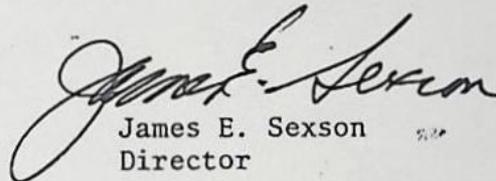

No objections having been filed and it appearing that the proposed change in place of use may be made without injury to existing rights, the application should be approved.

NOW, THEREFORE, it hereby is ORDERED that the requested change in place of use, as described herein, without loss of priority, is approved.

It is FURTHER ORDERED that said water so transferred shall be applied to beneficial use on or before October 1, 1981.

It is FURTHER ORDERED that upon receipt of proof satisfactory to the Water Resources Director of complete application of water to beneficial use on the lands to which the water is transferred hereby, a certificate of water right shall be issued to Central Oregon Irrigation District confirming this and prior changes within the District.

Dated at Salem, Oregon this 30th day of January, 1980.

DATE: Jan 23, 1980

SUBJECT: WATER RIGHT TRANSFER APPLICATION NO. 4351  
IN THE NAME OF Billie K. & Charlean T. Glover

**RECEIVED**  
JAN 25 1980  
WATER RESOURCES DEPT.  
SALEM, OREGON

In my opinion the proposed change in POU of water from Deschutes River  
MAY BE MADE WITHOUT INJURY WOULD RESULT IN INJURY\* to an existing water right.

Headgate notices HAVE HAVE NOT been issued for diversion from the sources which serves this right.

If for change in point of diversion, is there any intervening point of diversion between the authorized and the proposed points of diversion? \_\_\_\_\_  
(yes or no)

In my opinion, the order approving the subject transfer application should include the following in regard to the appropriator installing suitable measuring devices in the diversion works:

- (1) PRIOR to the diverting of water at the new point of diversion . . .
- (2) When in the judgment of the watermaster it becomes necessary . . .

\* The approval of this transfer application would result in injury to other water rights because \_\_\_\_\_
