NOTE TO APPLICANTS

JO CO - PLANNING

In order for your application to be processed by the Water Resources Department (WRD), this Land Use Information Form must be completed by a local government planning official in the jurisdiction(s) where your water right will be used and developed. The planning official may choose to complete the form while you wait, or return the receipt stub to you. Applications received by WRD without the Land Use Form or the receipt stub will be returned to you. Please be aware that your application will not be approved without land use approval.

This form is NOT required if:

- 1) Water is to be diverted, conveyed, and/or used only on federal lands; OR
- 2) The application is for a water right transfer, allocation of conserved water, exchange, permit amendment, or groundwater registration modification, <u>and all</u> of the following apply:
 - a) The existing and proposed water use is located entirely within lands zoned for exclusive farm-use or within an irrigation district;
 - b) The application involves a change in place of use only;
 - c) The change does not involve the placement or modification of structures, including but not limited to water diversion, impoundment, distribution facilities, water wells and well houses; <u>and</u>
 - d) The application involves irrigation water uses only.

NOTE TO LOCAL GOVERNMENTS

The person presenting the attached Land Use Information Form is applying for or modifying a water right. The Water Resources Department (WRD) requires its applicants to obtain land use information to be sure the water rights do not result in land uses that are incompatible with your comprehensive plan. Please complete the form or detach the receipt stub and return it to the applicant for inclusion in their water right application. You will receive notice once the applicant formally submits his or her request to the WRD. The notice will give more information about WRD's water rights process and provide additional comment opportunities. You will have 30 days from the date of the notice to complete the land use form and return it to the WRD. If no land use information is received from you within that 30-day period, the WRD may presume the land use associated with the proposed water right is compatible with your comprehensive plan. Your attention to this request for information is greatly appreciated by the Water Resources Department. If you have any questions concerning this form, please contact the WRD's Customer Service Group at 503-986-0900.

Affidavit of Voluntary Cancellation or Diminution of a Water Right Certificate

VOLUNTARY CANCELLATION is how the legal holder(s) of a water right certificate may cancel an abandoned water right or an abandoned portion of a water right. Abandonment means water use has or will have ceased under the cancellation. A cancellation can apply to an entire certificate or to a specific place of use and acreage. The rate of water must be proportionately cancelled to match the portion of the right being cancelled. If a certificate is partially cancelled, a remaining water right certificate will be issued describing the uncancelled portion.

[see also Oregon Revised Statue (ORS) 540.621 and Administrative Rule (OAR) 690-017-0100.]

VOLUNTARY DIMINUTION is how the legal holder(s) of a water right certificate may diminish an entire water right or a portion of it from a primary purpose to a supplemental purpose. The overall authorized rate of water on the certificate will remain the same, but the proportions between primary use and supplemental use will change. In the diminution process, the originating water right will be cancelled, and a new water right will be issued describing the diminution. [see also Oregon Administrative Rule (OAR) 690-330-0040.]

Describe in your own words what you want to accomplish with this affidavit: To clean up the record during a water right transfer. The unperfected portion of water right C#95711 in the riparian forest and on the river channel in TL 1190 and in the west portion of TL 1109 will be cancelled in the NE1/4SW1/4 of Sec 32.
