

INSTRUCTIONS:

This checklist is intended to facilitate the Department of Water Resources' ("Department") processing of water rights transfer applications within the Deschutes Basin for the 2026 calendar year. The Confederated Tribes of the Warm Springs Reservation of Oregon ("Tribe") has reviewed this checklist. The Tribe does not object to the Department's processing of any water rights transfer applications that meets a "Yes" of all applicable checklist items, and therefore satisfies the "Meets Requirements" category at the top of this checklist. When the checklist is so satisfied, the Department may process the application in accordance with applicable law, and the Department's customary practice.

Water rights transfer applications that meet all of the checklist criteria appear to present a low risk of injury to the Tribal Reserved Water Right as defined in the Confederated Tribes of the Warm Springs Reservation Water Rights Settlement Agreement, dated November 17, 1997, as amended. The Tribe does not waive its right to dispute or challenge any transfer application, whether or not they satisfy this checklist, on the basis that the transfer injures the Tribal Reserved Water Right or other federally-reserved water right held by the Tribe. The Tribe expressly reserves, and does not waive, all rights, claims, and defenses that it may possess in connection with the application, including, but not limited to, whether the application violates the Treaty of June 25, 1855, with the Tribes of Middle Oregon, 12 Stat. 963, or the Confederated Tribes of the Warm Springs Reservation Water Rights Settlement Agreement, dated November 17, 1997, as amended.

The Tribe further reserves the right to conduct additional analysis on any transfer that is submitted to the Department with a completed checklist. The Tribe reserves the right to consider, among other things, the risk of localized impacts, cumulative impacts, water quality, return flows, groundwater recharge, Habitat Conservation Plan flow augmentation agreements, water bank transactions, and additional analyses received from the Tribe's staff, Department, applicant, or third party.

A "temporary instream lease" is any instream lease lasting five (5) years or less.

This checklist applies to surface water transfers only. This checklist does not apply to groundwater transfers.

If you have any questions about this checklist, please contact:
