

**BEFORE THE WATER RESOURCES DEPARTMENT
OF THE
STATE OF OREGON**

In the Matter of Transfer Application	)	PROPOSED FINAL ORDER PROPOSING
T-14631, Union County	)	APPROVAL OF AN ADDITIONAL POINT
	)	OF APPROPRIATION

Authority

Oregon Revised Statutes (ORS) 537.705 and 540.505 to 540.580 establish the process in which a water right holder may submit a request to transfer the point of appropriation, place of use, or character of use authorized under an existing water right. Oregon Administrative Rules (OAR) Chapter 690, Division 380 implement the statutes and provides the Department's procedures and criteria for evaluating transfer applications.

Applicant

MICHAEL RYSAVY
GRANDE HOT SPRINGS
65182 HOT LAKE LANE
LA GRANDE, OR 97850

Findings of Fact

1. On March 21, 2025, MICHAEL RYSAVY and GRANDE HOT SPRINGS filed an application for an additional point of appropriation and to add a character of use under Certificate 92277. The Department assigned the application number T-14631.
2. Notice of the application for transfer was published on April 1, 2025, pursuant to OAR 690-380-4000. No comments were filed in response to the notice.
3. On September 12, 2025, the Department sent a copy of the draft Preliminary Determination (further referred to as an Initial Review) to the applicant, proposing to deny Transfer Application T-14631. The Initial Review cover letter provided a deadline of October 12, 2025, for the applicant to respond and submit the required information. The applicant requested that the Department proceed with issuance of a Preliminary Determination (further referred to as Proposed Final Order) and provided the necessary information to demonstrate that the applicant is authorized to pursue the transfer.

Under ORS 540.520(8) and (9) and ORS 536.077(1), any person may file a protest of this Proposed Final Order within 30 days after publication of notice of this Proposed Final Order in the Department's weekly notice. Under ORS 540.520(9) and ORS 536.077(2), if a protest is filed, any person who supports this Proposed Final Order may file a request for party status within 30 days after the deadline for filing a protest. Please refer to the end of this document for further information about filing protests and requests for party status.

4. The right to be transferred is as follows:

Period of Use: COMMERCIAL USE – YEAR ROUND
 SUPPLEMENTAL IRRIGATION – APRIL 1 THROUGH SEPTEMBER 30
Source: WELL 3 (UNIO 51712) in LADD CREEK BASIN

Authorized Point of Appropriation:

Authorized Place of Use:

COMMERCIAL USE				
Twp	Rng	Mer	Sec	Q-Q
4 S	39 E	WM	5	NE SW
4 S	39 E	WM	5	NW SW

Twp	Rng	Mer	Sec	Q-Q	Acres
4 S	39 E	WM	5	NE SW	3.5
4 S	39 E	WM	5	NW SW	9.5

5. Transfer Application T-14631 proposes an additional point of appropriation located:

Twp	Rng	Mer	Sec	Q-Q	Measured Distances	Approximate Distance from Authorized Point of Appropriation
4 S	39 E	WM	5	NW SW	WELL 4 – 3185 FEET SOUTH AND 1270 FEET EAST FROM THE NW CORNER OF SECTION 5	950 FEET SE

6. Transfer Application T-14631 also proposes adding Recreation as an additional character of use.
7. Adding recreation as a character of use would result in enlargement of the water right.

8. On September 22, 2025, the applicant's agent removed the change in character of use proposal, eliminating the potential for enlargement.

Transfer Review Criteria [OAR 690-380-0100(14), OAR 690-380-4010(2), and OAR 690-380-2110(2)]

9. Water has been used within the last five years according to the terms and conditions of the right. There is no information in the record that would demonstrate that the right is subject to forfeiture under ORS 540.610.
10. A water delivery system sufficient to use the full amount of water allowed under the existing right was present within the five-year period prior to submittal of Transfer Application T-14631.
11. The water right is subject to transfer as defined in ORS 540.505(4) and OAR 690-380-0100(14).
12. The proposed point of appropriation develops groundwater from the same aquifer as the authorized point of appropriation, as required by OAR 690-380-2110(2).
13. If approved, the proposed character of uses would have resulted in enlargement of the water right. The applicant removed the proposed character of use change from the application, thereby eliminating enlargement of the water right under this transfer.
14. The proposed change in point of appropriation, as conditioned, would not result in injury to other existing water rights.
15. All other application requirements are met.

Determination and Proposed Action

The additional point of appropriation proposed in Transfer Application T-14631 appears to be consistent with the requirements of ORS 537.705 and 540.505 to 540.580 and OAR 690-380-5000. If protests are not filed pursuant to OAR 690-380-4030, the application will be approved.

If Transfer Application T-14631 is approved, the final order will include the following:

1. The additional point of appropriation proposed in Transfer Application T-14631 is approved.
2. The right to the use of the water is restricted to beneficial use at the place of use described and is subject to all other conditions and limitations contained in Certificate 92277 and any related decree.

3. Approval of this transfer application does not constitute nor grant legal access onto or through another person's property for purposes of accessing the new point of appropriation.
4. Water right Certificate 92277 is cancelled.
5. The quantity of water diverted at the new additional point of appropriation (Well 4), together with that diverted at the original point of appropriation (Well 3), shall not exceed the quantity of water lawfully available at the original point of appropriation (Well 3).
6. Water shall be acquired from the same aquifer (water source) as the original point of appropriation.
7. Water use measurement conditions:
 - a. Before water use may begin under this order, the water user shall install a totalizing flow meter, or, with prior approval of the Director, another suitable measuring device, at each point of appropriation.
 - b. The water user shall maintain the meter or measuring devices in good working order.
 - c. The water user shall allow the Watermaster access to the meter or measuring devices; provided however, where the meter or measuring devices are located within a private structure, the Watermaster shall request access upon reasonable notice.
8. Full beneficial use of the water shall be made, consistent with the terms of this order, on or before **October 1, 2027**. A Claim of Beneficial Use prepared by a Certified Water Right Examiner shall be submitted by the applicant to the Department within one year after the deadline for completion of the change(s) and full beneficial use of the water.
9. After satisfactory proof of beneficial use is received, a new certificate confirming the right transferred will be issued.

SUBJECT: Water Right Transfer Application T-14631

Please find enclosed the Proposed Final Order indicating that, based on the information available, the Department intends to approve application T-14631. This document is an intermediate step in the approval process; water may not be used legally as proposed in the transfer application until a Final Order has been issued by the Department. Please read this entire letter carefully to determine your responsibility for additional action.

A public notice is being published in the Department's weekly publication, simultaneously with issuance of the Proposed Final Order. The notice initiates a period in which any person may file either a protest opposing the decision proposed by the Department in the Proposed Final Order or a request for party status supporting the Department's decision. The protest period will end 30 days after the Department's notice.

The Proposed Final Order will become a Final Order 33 days after the protest period ends without any further action by the Department, as a matter of law, if no protest is filed.

If a protest is filed, the application may be referred to a contested case proceeding. A contested case provides an opportunity for the proponents and opponents of the decision proposed in the Proposed Final Order to present information and arguments supporting their position in a quasi-judicial proceeding.

Please don't hesitate to contact me at Kim.R.French@water.oregon.gov if I may be of assistance.

Sincerely,

Kim French
