PROPOSED CHANGES

Check all type(s) of change(s) proposed below (change "CODES" are provided in parentheses):

Change to Surface Water Point(s) of Diversion:

- ☒ Point(s) of Diversion (POD) – the proposed POD(s) will replace the existing authorized POD(s)
- ☐ Additional Point(s) of Diversion (APOD) – the proposed POD(s) will be in addition to the existing authorized POD(s)

Change to Point(s) of Groundwater Appropriation:

- ☐ Point(s) of Appropriation (POA) – the proposed POA(s) will replace the authorized POA(s)
- ☐ Additional Point(s) of Appropriation (APOA) – the proposed POA(s) will be in addition to the authorized POA(s)

Changes in Place of Use and Character of Use:

- ☒ Place of Use (POU) - the proposed changes to the place of use will replace the authorized place of use
- ☐ Character of Use (USE) - the proposed changes to the character of use of the water right will modify the authorized character of use

Explain in your own words what you propose to accomplish with this transfer application, and why:

In order to provide uniform coverage over certain irrigated areas, the applicant seeks to move POUs for portions of certificates 75332 and 75350 and change the points of diversion for a portion of certificate 75332. In addition, drought is stressing the surface water resources - requiring these changes.

If you need additional space, continue on separate piece of paper and attach to application as "Attachment 1".
