Part 2 of 4 – Historic Change in Point of Diversion Map Requirements Checklist

Please be sure that the historic change in point of diversion application map you submit includes all the required items and matches the existing water right map.

Check all boxes that apply.

☐ ☒ N/A	If more than three water rights are involved, a separate map for each water right is required.
☒	Permanent quality printed with dark ink on polyester film or good quality paper. Maps may also be submitted as a PDF (portable document format) if they meet all other requirements.
☒	The preferred size is 8½ x 11 inches and should be no larger than 30 x 30 inches (one extra map copy is required for 30 x 30 inch maps). To request a waiver for a map larger than 30 x 30 inches, please send an email to mapwaiver@water.oregon.gov .
☐	A north arrow and a legend.
☒	Include the scale, which must be even-numbered and not exceed 1 inch = 1,320 feet. To request a waiver for a map scale that exceeds 1 inch = 1,320 feet, please send an email to mapwaiver@water.oregon.gov .
☒	Township, Range, Section, ¼ ¼, DLC, Government Lot, and other recognized public land survey lines.
☒	Tax lot boundaries (property lines) are required. Tax lot numbers are recommended.
☒	Major physical features including rivers, creeks, streams, lakes, reservoirs, ponds, roads and railroads. For any surface water on the map, indicate the direction of flow.
☒	Major water delivery system features from the point(s) of diversion such as main pipelines, canals, and ditches.
☒	Existing place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other
☐ ☒ N/A	Proposed place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions.
☒	Existing point(s) of diversion with distance and bearing or coordinates from a recognized survey corner. This information can be found in your water right certificate or permit.
☒ ☐ N/A	If you are proposing a change in point(s) of diversion, show the proposed location and label it clearly with distance and bearing or coordinates from a recognized survey corner. If GPS coordinates are used, latitude-longitude coordinates may be expressed as either degrees-minutes-seconds with at least one digit after the decimal (example – 42°32'15.5") or degrees-decimal with five or more digits after the decimal (example – 42.53764°).

7. I attest, as indicated under either **Item a.** or **Item b.** below, that:

a. Beneficial water use is evidenced by one of the following:

- ☐ Certificate # _____, confirming beneficial water use to perfect Permit # _____ was issued within the past five years. (NOTE: This cannot be a remaining right certificate.)
- ☐ Certificate # _____, confirming completion of a change in place of use, point(s) of diversion/ appropriation, or character of use authorized under Transfer Application #T- _____, was issued within the past five years.
- ☐ Part or all of the water right was leased instream at some point within the last five years. The instream lease number is: _____. (NOTE: If the entire right proposed for transfer was not leased, then additional evidence of use is needed for the portion not leased instream.)
- ☒ Water has been diverted at the actual current point of diversion for more than 10 years for beneficial use under Certificate # 97293, (For Historic POD Transfers).

-OR-

b. Water was not used in the past 5 years, but the water right is not subject to forfeiture and documentation is attached to support the assertion that the presumption of forfeiture for nonuse would be rebutted under ORS 540.610(2) due to the following:

- ☐ Consistent with ORS 540.610(2)(e), the period of nonuse occurred during a period of time within which land was withdrawn from use in accordance with the Federal Conservation Reserve Program.
- ☐ Consistent with ORS 540.610(2)(h), the nonuse occurred during a period of time when I/we was/were using reclaimed water in lieu of using water under the water right.
- ☐ Consistent with ORS 540.610(2)(j), I/we was/were unable to make full beneficial use of the water because water was not available. During this time I/we had a facility capable of handling the full allowed rate and duty, and I/we was/were otherwise ready, willing and able to beneficially use the entire amount of water allowed under the water right.
- ☐ Consistent with ORS 540.610(2)(L), the nonuse occurred during a period of time within which the exercise of the water right was not necessary due to climatic conditions. During this time I/we had a facility capable of handling the full allowed rate and duty, and I/we was/were otherwise ready, willing and able to beneficially use the entire amount of water allowed under the water right.
- ☐ Consistent with ORS 540.610(2)(n), the nonuse of the supplemental water right occurred during a period of time when the primary water right used in conjunction with the supplemental water right was leased as an in-stream water right pursuant to ORS 537.348.
- ☐ Other (please explain and cite the statutory reference under ORS 540.610(2) that applies):

Pacific Power is committed to keeping energy costs as low as possible. Periodically, we need to update the price of the energy and service we provide. Effective Jan. 1, 2023, your bill reflects updates approved by the Oregon Public Utility Commission. Depending on your rate schedule, your bill may reflect changes to the monthly basic charge and the cost to supply and deliver energy to your site. Your bill may reflect charges at old and new rates. To learn about help that may be available to you, please visit PacificPower.net/Assistance.

When you provide a check as payment, you authorize us to use the information from your check either to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. Pacific Power is committed to keeping energy costs as low as possible. Periodically, we need to update the price of the energy and service we provide. Effective Jan. 1, 2023, your bill reflects updates approved by the Oregon Public Utility Commission. Depending on your rate schedule, your bill may reflect changes to the monthly basic charge and the cost to supply and deliver energy to your site. Your bill may reflect charges at old and new rates. To learn about help that may be available to you, please visit PacificPower.net/Assistance.

When you provide a check as payment, you authorize us to use the information from your check either to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as we receive your payment and you will not receive your check back from your financial institution. If you would like to opt out of this program and continue processing your payment as a check transaction, please call 1-800-895-0561. If you have opted out previously, please disregard this message.

Wildfire safety & preparedness

Safety is a community effort that takes all of us working together. As we're taking steps to continue to mitigate wildfire risks by strengthening our system, pruning more trees and partnering with state and local agencies on emergency preparedness, it's also important for you to update your contact information and sign up for alerts with us.

Other ways to take action at home: Make a plan, create defensible space, and plan for medical needs. Consider a backup generator if your medical equipment requires electricity. Signing up for reverse notifications if an emergency happens is easy and free. Check your local emergency management or public safety website for more information on how to sign up.

Visit our wildfire safety resource center to access outage checklists, frequently asked questions and how you can prepare for a Public Safety Power Shutoff at PacificPower.net/WildfireSafety.

Wildfire safety & preparedness

Safety is a community effort that takes all of us working together. As we're taking steps to continue to mitigate wildfire risks by strengthening our system, pruning more trees and partnering with state and local agencies on emergency preparedness, it's also important for you to update your contact information and sign up for alerts with us.

Other ways to take action at home: Make a plan, create defensible space, and plan for medical needs. Consider a backup generator if your medical equipment requires electricity. Signing up for reverse notifications if an emergency happens is easy and free. Check your local emergency management or public safety website for more information on how to sign up.

Visit our wildfire safety resource center to access outage checklists, frequently asked questions and how you can prepare for a Public Safety Power Shutoff at PacificPower.net/WildfireSafety.

Effective November 5, 2023, the Oregon Public Utility Commission approved the recovery of wildfire mitigation and vegetation management expenses incurred by Pacific Power. The recovery of these costs is included in the delivery charge applied to the amount of energy used during the billing period. Your bill reflects charges based on the old and new delivery charge rates.

Safety is a community effort that takes all of us working together. As we're taking steps to continue to mitigate wildfire risks by strengthening our system, pruning more trees and partnering with state and local agencies on emergency preparedness, it's also important for you to update your contact information and sign up for alerts with us.

Other ways to take action at home: Make a plan, create defensible space, and plan for medical needs. Consider a backup generator if your medical equipment requires electricity. Signing up for reverse notifications if an emergency happens is easy and free. Check your local emergency management or public safety website for more information on how to sign up.

Visit our wildfire safety resource center to access outage checklists, frequently asked questions and how you can prepare for a Public Safety Power Shutoff at PacificPower.net/WildfireSafety.
