During this time I/we had a facility capable of handling the full allowed rate and duty, and I/we was/were otherwise ready, willing and able to beneficially use the entire amount of water allowed under the water right.
- ☐ Consistent with ORS 540.610(2)(n), the nonuse of the supplemental water right occurred during a period of time when the primary water right used in conjunction with the supplemental water right was leased as an in-stream water right pursuant to ORS 537.348.
