Dan Dority
North Marion Irrigation District
5959 Champoeg Road NE
St. Paul, OR 97137

REFERENCE: Temporary Transfer 7675

Dear Mr. Dority:

On 3/10/97, you withdrew this temporary transfer, and I recently discovered that unearned fees had not yet been refunded. Since staff had reviewed the file and written a letter requesting additional information, the examination fee of \$50.00 was earned. The enclosed refund check for \$34.00 is the amount you had submitted for recording fees.

In another matter, if the North Marion Irrigation District is a district formed under ORS chapters 545, 547, 552, or 553, it is considered a governmental entity and is required to report its use of water annually to the Department. I have enclosed water use reporting materials for your information and use.

If you have any questions, please give me a call.

Yours truly,

Gary L. Ball, PE, PLS
