### INTEROFFICE MEMO

FORWARD TO: Transfer Section  
FIELD PROCESSOR WORKING ON THIS TRANSFER

DATE: 11/16/05

FROM: \_\_\_\_\_ WATERMASTER, DISTRICT # \_\_\_\_\_

(SIGNATURE) Michael Zwart *date signed 1/3/07*  
signed by injury reviewer

SUBJECT: WATER RIGHT TRANSFER # 10027

A change in: POU      POD      POA      USE      of water.

In the name(s) of Tiffany + Donald Legore III

In my opinion (assuming the right is valid), the proposed change

MAY BE MADE WITHOUT INJURY       WOULD RESULT IN INJURY\* to an existing water right.

\*The approval of this transfer application would result in injury to other water rights because \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

The existing right may not be valid because \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Headgate notices HAVE      HAVE NOT      Been issued for diversion from the source(s) which serve(s) this right.

If for change in point of diversion, is there any intervening point(s) for diversion between the authorized and proposed points of diversion? (Yes or No) \_\_\_\_\_

In my opinion, the order approving the subject transfer application should include the following in regard to the appropriator installing suitable measuring devices in the diversion works:

\_\_\_\_\_ (1) PRIOR to the diverting of water at the new point of diversion . . .

\_\_\_\_\_ (2) WHEN IN the judgement of the watermaster it becomes necessary . . .

The enclosed copy of the transfer application and map(s) is for your records.

**OREGON WATER RESOURCES DEPARTMENT  
INTEROFFICE MEMO**

To: Ground Water files Date: January 3, 2007

From: Michael J. Zwart

Subject: Application Review: T-10027, Tiffany and Donald LeGore III

This application proposes a change in use, adding domestic use, and a change in POA. The existing well (UMAT 1063) produces water from an aquifer developed in basalt of the Columbia River Basalt Group. This well log is apparently being proposed as an example of the construction for the proposed additional well.

I find that the proposed change may be made without injury provided the following: the rights are valid and the Watermaster can approve the proposal.
