Attention: Mr. Larry W. Jebousek

Dear Mr. Jebousek:

Re: Transfer 0-50

I would like to clear up this transfer 0-50 which has been pending for quite some time.

According to our file record our application dated November 23, 1966 was not returned to this office. Instead it apparently was mailed from your office to the address of Rt. 1, Tygh Valley, Oregon. This is the address of E. T. Laughlin, the superintendent of our White River Management Area. Mr. Laughlin, however, did not receive it. The latest correspondence from you relating to this matter was dated May 27, 1971. This was also addressed to the Tygh Valley address.

The address mixup was our fault because the wrong address was on the application. The problem now, as I understand it, is to prepare a new map for the transfer that will coincide with the map of 1924 prepared for the office of the State Engineer, which map indicated lands irrigated from the Highland ditch.

Is there a possibility that we could determine how to proceed on this matter by getting together in your office in Salem?

Sincerely,

Clifton W. Lemons
