**OPERATING AGREEMENT
OF
KEB ANTLER INVESTMENT, LLC**

THIS OPERATING AGREEMENT (the "Agreement") of **KEB Antler Investment, LLC**, an Oregon limited liability company (the "Company"), is entered into among Eagon Capital Ventures, Inc., an Oregon corporation, KD Capital Ventures, Inc., an Oregon corporation, and Riley Coyote, LLC, an Oregon limited liability company, as the initial Members of the Company (the "Initial Members") and any other Persons that may hereafter become Members or successors to interests in the Company, effective February 3, 2006. Capitalized terms used in this Agreement have the meanings ascribed to them in Schedule A.

**ARTICLE I
ORGANIZATION AND PURPOSES OF COMPANY**

1.1 **Organization.** The Company was created by execution and filing of the Articles under the Act. On and after the date hereof, this Agreement, the Act and the Articles shall govern conduct of the Company's business and affairs.

1.2 **Purposes and Powers.** The primary business and purpose of the Company is the investment in and the acquisition, development, management, maintenance and sale of that certain real property located in Redmond, Oregon (the "Real Property") and all activities incidental thereto. The Planning Documents, which were prepared and reviewed by the parties as a best estimate of the description of the Real Property, the terms of the relationship among the Members and the pro-forma development budget for the Real Property, are incorporated herein by reference to reflect the general understanding and expectation of the parties, and in the event of any conflict between the terms of the Planning Documents and this Agreement, the terms of the Planning Documents will prevail. The Company also may engage in any lawful business permitted by the Act or the laws of any jurisdiction in which the Company may do business. The Company shall have all powers provided for in the Act.

1.3 **No Personal Liability; Partnership Tax Status.** The Company is an Oregon limited liability company and not a general or limited partnership. No Member shall have personal liability for any Company operations, debts, obligations or liability merely as a result of being a Member. During any period the Company has one Member only, the Company shall be disregarded for tax purposes in accordance with applicable rules and treasury regulations adopted by the Internal Revenue Service. During any period the Company has two or more Members, the Company shall be a partnership for tax purposes, shall maintain Capital Accounts for its Members in accordance with all applicable rules and shall otherwise comply with all provisions of the Code and the Regulations that are applicable to it by reason of such tax status, without regard to any provision of the Act to the contrary.

1.4 **Duration.** The duration of the Company is perpetual, unless the Company is sooner wound up and dissolved pursuant to this Agreement.

ARTICLE 2 MANAGEMENT

2.1 **Management by Members.** Pursuant to the Articles, the Company is member-managed.

2.2 **Authority.** Except as otherwise expressly provided for in this Agreement, the Members shall have full and complete authority, power and discretion to manage and control the business, affairs and properties of the Company; to make all decisions regarding the business, operations and affairs of the Company; and to perform any and all other acts or activities necessary, customary, desirable or incident to management of the Company's business. Without limiting the generality of the foregoing, the following actions shall require the affirmative vote of the Members:

(a) To cause the Company to borrow money for any purpose of the Company (including, without limitation, the A&D Loan), whether or not in the ordinary course of the Company's business, from financial institutions, a Member or any affiliate of a Member on such terms and conditions as are commercially reasonable in the judgment of the Members; provided, however, that no Member may be required to guarantee any such borrowing;

(b) In connection with any borrowing by the Company, to encumber and grant security interests in real property and other assets of the Company to secure repayment of the borrowed sums;

(d) To change the nature of the business of the Company.

2.3 **Signature Authority.**

(a) **General Authority To Bind the Company.** The signature of a Member shall be both necessary and sufficient to bind the Company. Notwithstanding the foregoing,

however, the Members may from time to time in writing delegate signature authority on behalf of the Company to any officer or other agent of the Company with respect to either the general or specific matters specified in such writing. A copy of this Agreement and, if applicable, any such separate delegation may be shown to the appropriate parties in order to confirm the same.

(b) **Company Checking Account.** The Company shall establish one or more checking accounts at one or more commercial banks. All checks issued in the name of the Company shall be signed by J. Kenyon Eagon in his capacity as an officer of the Company.

2.4 **Appointment of Developer Member.** KD Capital Ventures, Inc. shall serve as the Member primarily responsible for development of the Real Property consistent with this Agreement and the Planning Documents, and shall be authorized to take actions on behalf of the Company in the course of developing the Real Property which are consistent with and contemplated by the Planning Documents.

2.5 **Discharge of Duties.** Each Member shall discharge its duties in good faith, with the care an ordinarily prudent person in a like position would exercise under similar circumstances and in a manner the Member reasonably believes to be in the best interests of the Company. Each Member shall devote to the Company and apply to the accomplishment of Company purposes so much time and attention as in the reasonable judgment of the Member is necessary to manage and operate properly and prudently the affairs of the Company. The Members may delegate oversight and management of the day-to-day operations of the Company to such designees as the Members may determine from time to time and may cause any such designee to be an officer of the Company with such powers and authority as the Members may from time to time prescribe in writing.

2.6 **Reimbursements; Compensation.** During the term of this Agreement, each Member shall be reimbursed on a monthly basis, or such other basis as the Members may determine, for all reasonable out-of-pocket expenses that the Member incurs on behalf of the Company or in the Member's capacity as Member. A Member may be compensated for services rendered to the Company in the form and amount determined by the unanimous consent of the Members.

2.7 **Indemnification.** To the fullest extent allowed by the law of Oregon, the Company shall indemnify the organizer and the Tax Matters Partner and may indemnify each Member or agent of the Company from and against all costs, losses, liabilities, damages, claims and expenses (including, without limitation, attorneys' fees and costs incurred on trial and appeal) incurred in the capacity of organizer, Tax Matters Partner, Member or agent or in any other capacity on behalf of the Company, including, without limitation, claims arising from any such Person's actions or inactions taken or omitted as an organizer, Tax Matters Partner or a Member or in any other capacity in furtherance of the business or affairs of the Company, whether before or after the formation of the Company; provided, however, that the foregoing shall not eliminate or limit the person's liability for:

(a) Any breach of the duty of loyalty to the Company or the Members as described in this Agreement;

Diversion Rates Determined by Decree

The amount of water used for irrigation and other uses (described in terms of equivalent irrigated acres or acres/equivalent) is limited to a diversion not to exceed the quantity determined by decree of the Circuit Court of the State of Oregon for Deschutes County, dated March 24, 1933.

Canal Diversions

The amount of water used for irrigation and other uses served by the main canal systems, together with the amount of water secured under any other right existing for the same lands, is limited by the March 24, 1933, decree of the Circuit Court of the State of Oregon for Deschutes County to a diversion not to exceed:

QUANTITY FOR CANAL DIVERSIONS FROM SOURCE		
SEASON	PERIOD OF USE	RATE
Season 1	April 1 through April 30 and October 1 through October 31	1 cfs to 80.0 acres
Season 2	May 1 through May 14 and September 16 through September 30	1 cfs to 60.0 acres
Season 3	May 15 through September 15	1 cfs to 32.4 acres

The total quantity of water delivered through the main canal systems that may be applied to each acre irrigated or acre/equivalent during the irrigation season of each year may not exceed 9.91 acre-feet (AF) as measured at the point of diversion from the source. The quantities specified reflect an allowance for a 45% transmission loss in the canal system.

Direct Diversions

The amount of water used for irrigation and other uses for those lands NOT served by the main canal systems and diverting directly from the source, together with the amount of water secured under any other right existing for the same lands, is limited by the March 24, 1933, decree of the Circuit Court of the State of Oregon for Deschutes County to a diversion not to exceed:

QUANTITY FOR DIRECT DIVERSION FROM SOURCE		
SEASON	PERIOD OF USE	RATE
Season 1	April 1 through April 30 and October 1 through October 31	1 cfs to 145.45 acres
Season 2	May 1 through May 14 and September 16 through September 30	1 cfs to 109.09 acres
Season 3	May 15 through September 15	1 cfs to 58.91 acres

The total quantity of water diverted directly from the source that may be applied to each acre irrigated or acre/equivalent during the irrigation season of each year may not exceed 5.45 acre-feet (AF) as measured at the point of diversion from the source. The quantities specified for those lands served by direct diversion from the source, and that are not served from the main canal systems, do not include the allowance for the 45% transmission loss.

Diversion Rates by Point of Diversion (POD)

¹ Limited to non-human consumption, non-potable uses only.
² The acres equivalent describes the total quantity of water that may be used within the quarter-quarter sections listed.

The right to the use of the water for the above purposes is restricted to beneficial use on the lands or place of use described and is subject to all other conditions and limitations contained in the decrees.

The issuance of this superseding certificate does not confirm the status of the water rights evidenced by Certificate 76358 that were not modified by orders canceling or authorizing changes to the rights described by Certificate 76358. The water rights listed in column A of the authorized place of use table describe rights that remain unchanged, and this certificate makes no determination about whether these water rights are subject to forfeiture under ORS 540.610.

The issuance of this certificate confirms satisfactory completion of changes authorized by orders approving the water right actions listed in Table I. These rights are described in column B of the authorized place of use table.

RE: PERMANENT INSTREAM TRANSFER *FOR RESTORATION & MITIGATION* OF
60.12 ACRES OF COID SENIOR DESCHUTES RIVER WATER RIGHTS

Dear Laura,

Enclosed please find the transfer application, supplemental forms and required documentation for the permanent instream transfer *for Restoration and Mitigation* of 60.12 acres of Central Oregon Irrigation District, senior Deschutes River water rights. Central Oregon Irrigation District and the Deschutes River Conservancy are co-applicants in this transfer.

Note that some of the water rights in this transfer are currently leased instream and the leases must be cancelled prior to Final Order for this permanent transfer. Also note that 11.19 acres involved in this transfer are restoration acres for National Fish & Wildlife Foundation (NFWF) and will NOT generate any mitigation. The instream reach for these acres extends to the mouth of the Deschutes River (see Exhibit D).

It is the intention of the co-applicants that this transfer application be processed using Receipts Authority, thus expediting the process to the greatest extent possible. Once the application has been received and assigned a transfer number, it will be sent to contractors for bids to process the application using receipts authority. It is my understanding that we may reasonably expect these bids/estimates within 2 weeks of submitting the transfer to OWRD.

Also included is the required transfer fee of \$525.00 (\$400.00 application fee, plus \$125.00 for Receipts Authority bid processing). Please feel free to contact me via email or by phone if you have questions regarding this, or other transfer applications. Thank you.

Best Regards,
