Application for Short-Term Instream Lease Renewal

A summary of review criteria and procedures that are generally applicable to these applications is available at www.wrd.state.or.us/publication/reports/index.shtml.

Change to S-5

The undersigned entered into Instream Lease Number S-3 involving Water Right Certificate(s) 56490 on May 7, 2003, which expired on October 31, 2003.

The undersigned Lessor and Lessee, parties to the original lease, hereby request that Lease Number S-3 be renewed. Lessor and Lessee warrant that, to the best of their knowledge, circumstances have not changed and all matters involved with or affected by the instream lease and the subject water right(s) remain as they were when the lease was first entered into, including but not limited to ownership of the lands to which the water right(s) is/are appurtenant, the acres from which the right is leased, and the public instream benefit provided as a result of this instream lease.

The terms and conditions of instream lease S-3 are hereby incorporated by reference in their entirety, with the following exception(s):

- The term of the lease shall commence on April 29, 2005 (not before execution by the parties) and continue through October 31, 2005
- The existing and instream use periods have been modified from the original lease and the instream use rate has been increased to equal the existing use rate

CREP. Are some or all of the lands being leased part of a Conservation Reserve Enhancement Program?

- Yes
 No

Fees. Effective October 1, 2003, pursuant to ORS 536.050 (1)(w) (2003 SB 820), the following fee is included:

- \$50 for examining an application for an instream lease renewal.

Application for Split Season Instream Lease

A summary of review criteria and procedures that are generally applicable to these applications is available at www.wrd.state.or.us/publication/reports/index.shtml.

- Attachment 4 (Standard Leasing Form).**
Attachment 5-D (Pooled Leasing Form).

The standard instream water right form pursuant to ORS 537.348(2) and OAR 690-077-0077 must also be filled out before a Split Season Use Instream Lease Application can be processed.

Note: The terms of all split season use leases are limited to one year, with renewability. Split season use lease applications must be submitted to the Department two weeks prior to water being used either for the existing purpose or for the proposed instream purpose. (OAR 690-077-0079)

1. Existing and Instream Use Periods

For the water right being leased instream, as described in Section 1.4, include monthly or partial season rate or duty limitations, if appropriate.

This section replaces the "Total volume, Rate in cfs, and Allowed period of use" portions of Section 2.2 on the standard instream leasing form.

The water right will be used for its existing purpose from May 12 to July 10.
 The water right will be used for instream use period is from July 11 to Sept. 23.

	Rate (cfs)		Conversion Factor 1 cfs = 1.983471 ac-ft/day		Number of days		Duty (ac-ft)
Existing Use	0.90	*	1.983471	*	60.00	=	107.10
use if needed		*	1.983471	*		=	0.00
use if needed		*	1.983471	*		=	0.00
Instream Use	0.90	*	1.983471	*	75	=	133.88
use if needed		*	1.983471	*		=	0.00
use if needed		*	1.983471	*		=	0.00
Total	n/a		n/a		n/a		241.97

2. Measurement and Reporting

The water right lessor or lessee shall contact the watermaster to determine the necessary measurement and reporting requirements associated with leasing a water right.

The holders of the water rights shall measure and report the use of the existing water right and instream water right to the satisfaction of the Director, or provide for third party measurement and reporting to the satisfaction of the Director. Pursuant to ORS 537.332(3), the Department holds instream water rights in trust for the benefit of the people of the State of Oregon.

- (a) Location(s) and type(s) of measuring device(s): The measuring devise is an inline flow totalizer placed in the first length of mainline pipe near the pump.
- (b) Frequency of measurement: Daily
- (c) Parties responsible for the respective measurements: The lessor
