2.3 **Term of lease.** This Lease shall commence on May 1, 1999 (not before execution by the parties) and continue through October 31, 2001.

2.4 **Compensation.** The Lessor has agreed to lease subject water right for the sum of \$1.00, other valuable considerations and for the benefit of the state of Oregon.

2.5 **Flow protection.** The Trustee will regulate use of water from the source, subject to prior appropriation and the agency enforcement guidance, to assure the water is delivered to the point of diversion, and through the reach past junior downstream users, so long as flow is sufficient to meet the demand under priority date of the new instream use (see Section 2.2). No party is required to continuously measure the flow of the waterway described in Section 2.2.

Optional Provisions

2.6 **Additional monitoring.** Lessor/Lessee intends to manage and participate in the protection of the instream use by monitoring the river with recorder equipment.

2.7 **Modification or termination provisions.** The lessor has the right to terminate the provisions of the lease with 30 days notice to the Oregon Department of Fish and Wildlife and the Oregon Water Resources Department.

~III~

3 **Watermaster review.** By signature below, the watermaster for the district where the subject water right is located verifies that:

3.1 Lessor #1 is currently entitled to appropriate water under the water rights described in

Section 1.4.

- 3.2 A suitable control is/will be in place so that WRD staff may regulate use of water under the subject right to ensure water is not diverted or applied on lands to which subject right is attached.
- 3.3 Allocation of water to the new instream use described in Section 2.2 during the term of this lease is not reasonably expected to cause injury to other rights to use water from the same source.
- 3.4 Necessary conditions to the proposed instream use: See 2.6.
