**2.3 Term of lease.** This lease shall terminate on November 1, 2005. (If there is a conflict between the Pooled District Form and this form, the Pooled District Form will be the official term of the lease.)

**~III~ Other Information**

**3.1 Accuracy.** The Undersigned Lessor/s, Lessee and Trustee declare that, to the best of their knowledge and belief, the information contained in this lease is true, correct and complete. If after the lease is signed, any information is determined to be false, the lease may be modified or terminated. This lease only exercises the water rights being leased; for the term of the lease; it shall not be construed to overcome any claim that the water right may otherwise be subject to forfeiture for nonuse pursuant to ORS 540.610 during the period of time prior to the execution of the lease.

**Lease.** All Lessors agree to lease the water rights listed in 1.4 for instream use for the term of this Agreement through Lessee to Trustee, the Oregon Water Resources Department, pursuant to the provisions of ORS 537.348(2) and OAR 690-077-0077.

**3.3 Precedent.** If a right which has been leased is later proposed to be leased again or transferred to an instream use under ORS 537.348 and OAR 690-077- 0070 or OAR 690-077-0075 a

new injury review shall be required, and a prior short term lease shall not set a precedent for the amount of water to be leased or transferred instream.

**3.4 Suspension of original use.** During the period of the lease, the owner agrees to suspend use of water allowed under the subject water rights and under any water right that is supplemental to the subject water rights. In the event that a supplemental water right is not part of this lease, it may be subject to forfeiture.

**3.5 Termination provision.**

- For multiyear leases, lessor *shall* have the option of terminating the lease each year, prior to the lease being exercised (\_\_\_\_\_), with 30 day written notice to the Department provided by the Irrigation District, Other Water Purveyor or Lessee (if different than Department). The lessor must contact the Irrigation District, Other Water Purveyor, or Lessee (if different than Department) to indicate their interest in terminating the lease agreement.
- For multiyear leases, lessor *shall not* have the option of terminating the lease each year, prior to the lease being exercised, with written notice to the Department.

**3.6 Modification to prevent injury.** Allocation of water to the instream use described in Section 2.2 during the term of this lease is not reasonably expected to cause injury to other rights to use water from the same source. If injury is found after this lease is signed, the lease may be modified or terminated to prevent injury.
