Application Short-Term Instream Lease Renewal

The undersigned entered into Instream Lease Number L-193 involving Water Right Certificate(s) 13130, 13311, 12775 on November 21, 2001, which expired on November 30, 2001.

The undersigned Lessor and Lessee, parties to the original lease, hereby request that Lease Number L-193 be renewed. Lessor and Lessee warrant that, to the best of their knowledge, circumstances have not changed and all matters involved with or affected by the instream lease and the subject water right(s) remain as they were when the lease was first entered into, including but not limited to ownership of the lands to which the water right(s) is/are appurtenant, the acres from which the right is leased, and the public instream benefit provided as a result of this instream lease.

The terms and conditions of instream lease L-193 are hereby incorporated by reference in their entirety, with the following exception(s):

- The term of the lease shall commence on March 1, 2005 (not before execution by the parties) and continue through November 30, 2009
- The lessor requests to lease this water instream for five years with an "opt-out" clause. The lessor will notify Oregon Water Trust and the Oregon Water Resources Department at least 30 days in advance of the beginning of the irrigation season if the lessor chooses to exercise the "opt-out" clause and use the water for that irrigation season. Otherwise the water associated with the three certificates above will remain instream.

CREP. Are some or all of the lands being leased part of a Conservation Reserve Enhancement Program?

- Yes
 No

Fees. Effective October 1, 2003, pursuant to ORS 536.050 (1)(w) (2003 SB 820), the following fee is included:

- \$50 for examining an application for an instream lease renewal.
