Reason(s) for amendment/modification(s): Portion of supplementary groundwater

permit acreage is currently a "wild" area, including a
small waterway. We will not be irrigating this acreage in the
future. However, a portion of acreage that we now are leasing is on
the primary surface water right, and we would like to irrigate this
ground water permit.

5. CURRENT PERMIT OR REGISTRATION INFORMATION

Permit or Registration to be Amended/Modified (check and complete one of the following):

☒ Permit to be Amended:	<u>G-16247</u> Permit Number	<u>must be perfected by 2012 (priority date Oct 30, 2006)</u> Current Completion Date of Permit
☐ Ground Water Registration to be Modified:	_____ Ground Water Registration Number	NOTE: Concurrent changes to a water right must be filed separately on a transfer application.

- Name on Permit or Registration: Casey Kulk
- County: Yamhill

- ? Authorized Use(s) to be affected by this Amendment/Modification: _____
supplemental irrigation use on 17.48 acres

- Priority Date(s): October 30, 2006

If there are **multiple Priority Dates** identified on the Permit or Registration, any information provided on **pages 4 through 7** must identify which **priority date** is associated with each of the authorized and proposed points of diversion or appropriation and places of use.

- All Source(s) of Water to be affected by this Amendment/Modification: _____
"well 1 in Lambert Slough Basin"

Tributary to: _____

If there are **multiple Sources** listed on the Permit or Registration, any information provided on **pages 4 through 7** must identify which **source** is associated with each of the authorized and proposed points of diversion or appropriation and places of use.

For an application proposing a Change in Place of Use or Character of Use:

Are there any other "**Layered**" Water Rights, Permits, or Ground Water Registrations issued for **Irrigation** purposes that are appurtenant to the same place of use as the Permit or Registration being Amended/Modified? ☒ Yes ☐ No ☐ N/A -No Change in Use or Place of Use

I think.

If "**Yes**", pursuant to ORS 540.510, OAR 690-380-2240 and OAR 690-382-0200, the other "**layered**" water uses subject to transfer **must either change concurrently or be cancelled**, except as provided in OAR 690-380-2240(5).

- Remarks: Permit G-16247 is a supplemental groundwater permit that is superimposed over a larger acreage primary surface water right. We want to shift part of the supplemental groundwater place of use to another portion of the larger primary surface water right. I am uncertain how this affects the primary water right.
