

# Echo Irrigation District Temporary Transfer 2018 Umatilla County, Oregon

Acres being transferred from Cert. 87111 (1ACFT/AC) will be used south of Interstate 84 on higher value crops. The wheat crop in the "from" lands will be irrigated under Cert. 87042 and Permit S-54773.

The areas outside of pivots being transferred in Sec. 6 & 7 T.3N., R.30E., Sec. 1, 2, 11, 12, & 14 T.3N., R.29E. described in water right permit S-54773 will not be used or transferred during the 2018 irrigation season.

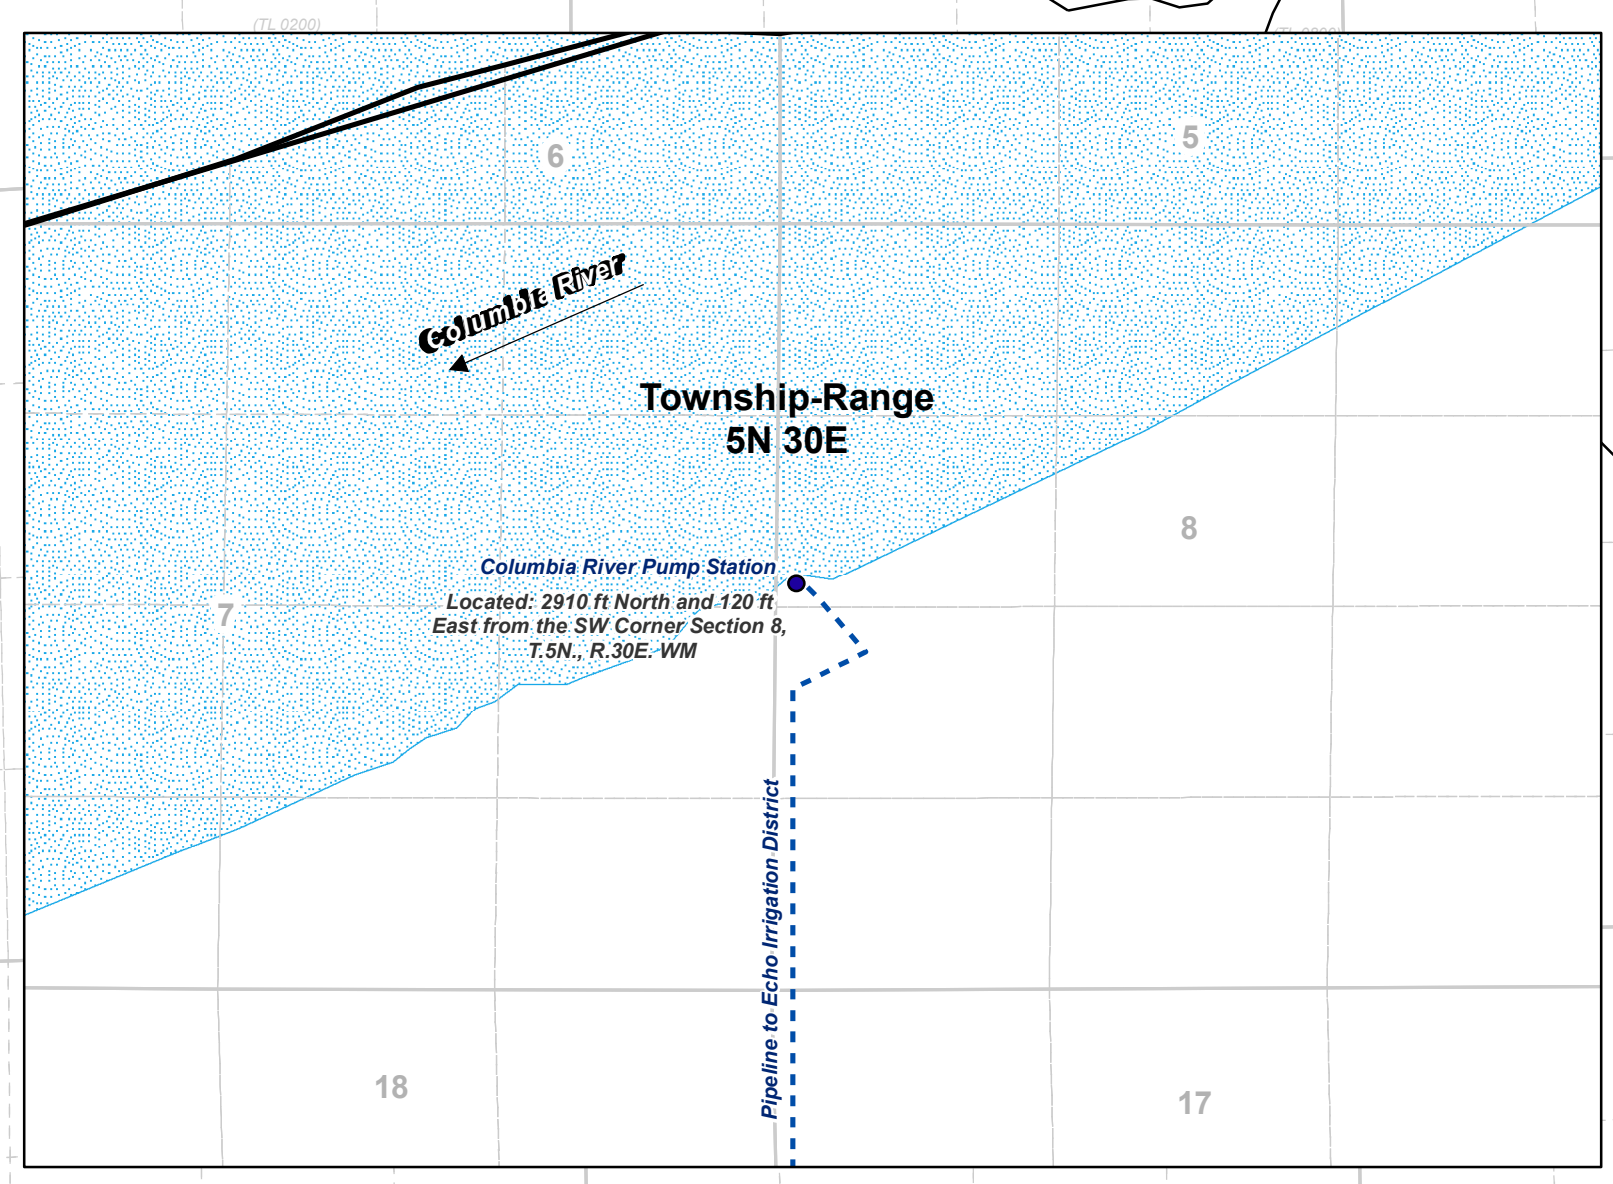

Water Right Cert 52824, part of Transfer T-11473, was allocated no water in the 2018 Stage Gulch Critical Groundwater Order. This required water to be transferred to this place of use to cover irrigation needs for 2018.

The area in Sec 2, T3N, R30E has a ground water right described in Cert 83134. This water right was not allocated any water for the 2018 irrigation season in the Stage Gulch Critical Ground Water Order. This transfer proposed to move ground water rights to these areas that will allow the irrigation of these areas with allocation authorized in the Stage Gulch Critical Ground Water Order Under these rights.

Water Rights 91070 and 91071 with place of use located in Sections 10 and 15 of T3N, R29E received no allocation for the 2018 irrigation season in the Stage Gulch Critical Ground Water Order. This allocation was a misunderstanding for the 2018 irrigation season. However, it requires that water rights be moved to cover these areas for the 2018 irrigation season.
