Narrative

Purpose: To mark the north-south center line
of Section 15.

Procedure: The south 1/4 corner Section 15
was established by single proportionate
measurement. A random traverse was run from
the south 1/4 to the north 1/4 and the center
line of the section marked with steel fence
posts.

Instruments used were a Nikon NTD-4 semi-
automatic total station and a 100' steel tape.
