PO Box 700  
Dundee, OR 97115

Reference: Application G-15904, Permit G-16162

The assignment by proof from Dr. Allen Methven to Jill M. Methven, and subsequent partial assignment from Jill M. Methven to Domaine Drouhin Oregon has been recorded in the records of the Water Resources Department.

The Departments records will now show Jill M. Methven and Domaine Drouhin Oregon as the permit holders of record.

Our records have been changed accordingly and the original requests are enclosed. Receipt numbers 139410 and 139414 covering the recording fees are also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by October 1, 2022, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claim of beneficial use has not been received by the Department.

Sincerely,

Mary F. Bjork
