FORM 4007
Tops MADE IN U.S.A.

MESSAGE

Denver, May 29/15.

State Water Board,
Salem, Oregon,
Dear Sirs,

In reply to yours of Apr. 22nd,

I enclose herewith blank out me, filled out as requested & witnessed by parties who are as familiar with the land as I am myself - I intended to live on the property but was obliged to remain my position in Denver so that I could send one of my sons to the Oregon Agricultural College from which he will graduate in 1916 & go on the place. I have had considerable trouble with my tenants who failed to carry out the terms of their lease which obliged them to clear the whole tract & put it under cultivation. In view of the fact that there is no one below my property who could possibly use the water from State Creek, & all the water that can be used above me, has already been appropriated, & that I am doing nothing for the right to use the overflow & water under the bed of the creek, I hope that under the circumstances a water right certificate will be granted me - I am about to lease the place to a party who will be obliged to finish clearing (about 3 1/2 acres) & put all into alfalfa & clover.

Enclose \$1.00 for recording fee.

Very Truly Yours
Orest H. Doremus

of Colorado National Co
As a record of my family history for Oregon, Wash. & family have been in place on Midway since 1838 & as family are settled in Grants Pass, Ore from Dan

Division No. 1

Permit No. 988

County of Josephine

Application No. 1802

Proof of Appropriation of Water

(In accordance with the provisions of Chapter 216, Laws of Oregon for 1909, and the regulations of the State Water Board thereunder.)

From Slates Creek

Tribuary of

Applegate river

1. Name Alfred Steiner

2. Postoffice address Wilderville, Oregon

3. For what purpose is water used? Irrigation

4. Did you begin the actual construction of the Steiner pumping plant Ditch, (or other distributing works described in said permit), on or before Feb. 8, 1913 ?

yes

5. Give the date of completion of such construction work April 1913

6. When was all the water completely applied to the proposed use?

7. The description of land given below corresponds to that found in your permit covering land to be irrigated, or if for other purposes, the place of use. In the blank column on the right, headed "No. acres actually irrigated," fill in the number of acres you have irrigated in each of the tracts described.

Tp.	Rs.	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
27 S	6 R	6	SW 1/4 NW 1/4	37	9
			0.12 ac ft		

8. During what months is water beneficially used? from May to September

9. State the character of the soil and kind of crops raised red clayey soil
r some creek bottom corn. and garden truck
10. Does the accompanying blue print of the map filed with your permit show correctly the loca-
tion of diverting works and area of land where water is used? yes
location is to run along creek (fall runs) by creek

11. If not, state wherein such map is in error.....
.....
12. If the dimensions of your ditch or dam do not correspond to those described in your permit,
state what changes have been made, giving dimensions of ditch (or other distributing
works) X

13. If water is used for power, mining, domestic, municipal, storage, manufacturing, or any
other purpose than irrigation, give the extent and method of such use.
X

OFFICE OF STATE WATER BOARD
RECEIVED

JUN 1 1915.

SALEM, - OREGON.

\$1⁰⁰

#181a

STATE OF OREGON
OFFICE OF THE
STATE ENGINEER

JOHN H. LEWIS, STATE ENGINEER
PRESIDENT OF THE BOARD OF CONTROL
SECRETARY OF THE DESERT LAND BOARD
PERCY A. CUPPER
ASSISTANT STATE ENGINEER

SALEM, OREGON Feb. 8, 1912.

Mr. Alfred Doerner,

Wilderwille, Oregon.

Dear Sir:

I enclose herewith Application No 1806, by yourself, being Permit No. 988, which has been approved and recorded in this office. I am also enclosing one blue print map. It is not necessary to record this in your county, or to publish notice of its issuance. This permit is not a water right, but is, in a way, a contract between you and the State. It should be held by the owner of the right, and not disposed of in making final proof on desert land, or for any other purpose.

You should make annual proof under this permit upon the forms attached hereto. Within the time as limited by the State Engineer for the beginning of construction, for completion, and for the application of water to beneficial use, you should fill out the proper blank, detach, and mail to the Secretary, Board of Control, Salem, Oregon. If more than one year is allowed for completion of construction you should give on the proper blank a detailed description of the work performed each year so that the Board may judge as to whether or not the law is being complied with as to the prosecution of work with reasonable diligence.

Final proof will be taken by the Board, through the proper division superintendent, as soon as possible after the expiration of time for the complete application of water to beneficial use, or any extension thereof. The Board of Control will thereafter issue a "Certificate of Water Right" to be recorded with the county clerk of the proper county, which to your water title will correspond to a patent from the United States as foundation for your land title.

Should it be impossible for you to complete the work or to put the water to beneficial use before the expiration of the time fixed in the permit, you should, if you have good reasons for so doing, apply to the State Engineer for an extension of time. All such requests must be received before the date of expiration, otherwise you will have to re-file and lose something in priority by your neglect. No extension of time can be granted for the beginning of work, nor in any case where request is made after the expiration of the time limit as fixed in the permit.

Any assignment of this permit should be made in writing and recorded in the State Engineer's office at Salem. The assignee should make all proofs required after date of assignment.

Water belongs to the land it irrigates and not to the ditch, or ditch owner. The transfer of land will carry with it the water appurtenant thereto.

Failure to fill out and mail the annual proofs required by the Board may jeopardise your rights under this permit and result in its cancellation after proper notice, as the law provides that proof must be made "to the satisfaction of the Board of Control".

Respectfully yours,

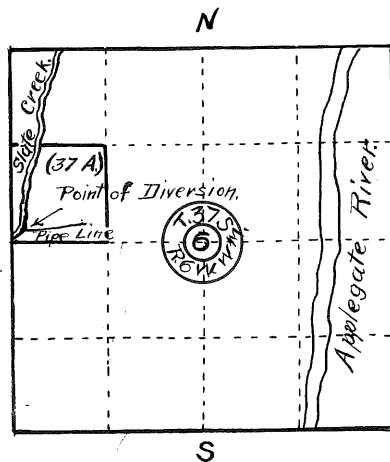

John H. Lewis,

State Engineer.

NOTICE OF COMPLETION OF CONSTRUCTION

Permit No. 988
Application No. 1806

I, Alfred Doerner, holder of Application No. 1806, being
Permit No. 988, issued by the State Engineer of the State of
Oregon for the appropriation of 1/2 second feet of the waters of Slate Creek, Josephine Co.
in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engi-
neer, have completed the construction of the works described therein for the application of water to
a beneficial use on the 20th day of April, 1913, being within the time limitation as
fixed in said permit for the completion of construction work.

Remarks: Pumping Plant installed - Capacity 200-225 Galls per minute.
If the works have a less capacity than as described in the permit, or you have definitely abandoned your

plan of irrigating any of the lands described in your permit, you should so state in order that our records may not be
unnecessarily encumbered.

IN WITNESS WHEREOF, I have hereunto set my hand this 26th day of April 1913.

SALEM,

OREGON.

Dear Sir:

Mr. Dorrner has requested me to fill out and forward to you the enclosed notice of complete application of water. I am unable to give exact date, but the pumping plant was installed in May 1913 and the water applied to the land the same season & also the following season. Practically all the acreage called for in the application has been under cultivation - Enclosed is receipted bill for the pumping plant. Kindly return it when you reply. - If any further information is wanted let me know & I will endeavor to supply it.

Agt for Alfred Dorrner

February 8, 1915.

Mr. Edw. A. Harris,

Grants Pass, Oregon.

Dear Sir,-

Notice of complete application of water to beneficial use under Permit No. 988, of Alfred Doerner, has been received and filed in this office.

In due course proof of appropriation of water will be taken by the State Water Board, and final water right certificate issued thereafter in accordance with such proof.

Very respectfully,

Secretary.

June 1, 1915.

Alfred Doerner,

Wilderville, Oregon.

Dear Sir:-

Proof of appropriation of water under your permit No. 998, together with the \$1.00 recording fee has been received and filed in this office. This proof appears to be in proper form and will be submitted to the Board at its next meeting for approval and issuance of certificate. Certificate when issued will be forwarded to the County Clerk of Josephine County for recording, after which it will be mailed to you.

Very respectfully,

Assistant Secretary.

Dear Sir:

I am in receipt of your inquiry of the 23rd inst., relative to application 1806, permit No. 988. This application was approved February 8th, 1912 and according to the terms of the permit, actual construction work should have commenced on or before February 8th, 1913 be completed on or before February 8, 1914 and water completely applied to the proposed use on or before February 8th, 1915. You should file with the Secretary of the Board of Control notice of beginning actual construction work, a blank for which is inclosed. If the works are completed, notice of completion of construction work, form B, should also be filed. After the water has been completely applied to a beneficial use an inspection will be made by the superintendent of this division and a water right certificate issued.
