The assignment from Azalea Rojo, LLC to Kylix Vineyards Oregon, LLC has been recorded in the records of the Water Resources Department.

The Departments records will now show Kylix Vineyards Oregon, LLC as the permit holder of record.

Our records have been changed accordingly and the original requests are enclosed. Receipt numbers 139448 and 139449 covering the recording fees are also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that Permit S-54992 required complete application of water to the proposed use by March 24, 2021, and Permit S-55046 required complete application of water to the proposed use by April 13, 2022, and within one year after complete application of water to the proposed use, the permittee shall submit claims of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claims of beneficial use have not been received by the Department.

Sincerely,
