

Form C

IMPORTANT—This form is a notice to the State Engineer that permittee is ready to make **final proof** to the extent to which the water has actually been applied to the intended use under the terms of the permit. Permittee is cautioned that Certificate of Water Right will be issued based on the extent of the quantity and use as determined by the **final proof** inspection and survey which will be made in response to the filing of this Form C.

NOTE In the case of an irrigation permit, this Form C should not be mailed to the State Engineer until all of the land described in the permit, which it is intended to irrigate under this permit at any time, has actually been irrigated. Fill out, detach and mail to the State Engineer, Salem, Oregon 97310, when all of the water has been applied.

Application No. 53598

NOTICE OF COMPLETE APPLICATION OF WATER TO A BENEFICIAL USE

Edward D. Butler, the holder of Permit No. 40099

to appropriate the public waters of the state of Oregon, completely applied the waters to a beneficial use in accordance with the terms of said permit, on the 5th day of October, 1975.

Remarks: _____

IN WITNESS WHEREOF, I have hereunto set my hand this 7th day of May, 1976.

Application No. _____

DESCRIPTION OF SPRING

1. Is spring on property of applicant? No
2. If not, give name and address of legal owner. US Forest Service
3. Have you secured consent of owner to appropriate water from this spring and for construction of pipeline or other works? Yes
4. If you do not have such consent, do you expect to secure right of way through condemnation? _____
5. What is the maximum flow from spring? 5 gallons
(Gallons per minute or
cubic feet per second)
- What is the minimum flow? 3 gallons
- Is flow measured or estimated? Estimated
6. Does the stream flowing from spring form a well defined natural channel? Yes
7. Does the water flow off the lands on which it first arises? Yes
8. Give the name of the stream or other body of water into which water from the spring flows. North Fork of Bridge Creek
9. If the water from the spring sinks or evaporates before reaching other water, give distance water flows from spring before vanishing.

File 53598

Edward D. Butler
Box 136
Prairie City, OR 97869

Dear Mr. Butler:

We have recently received your corrected application, map, and the fees in the amount of \$5.00.

Your application No. 53598 which was returned to you for correction and completion was not received in this office on or before the endorsement date of December 1, 1975. Therefore, it has been given a new priority date of January 19, 1976, the date the application and map were received in this office.

Your application is now in satisfactory form for approval by the issuance of a permit.

Sincerely,

Vestal R. Garner
Water Rights Engineer

Edward D. Butler
Box 136
Prairie City, Oregon 97869

Dear Mr. Butler:

Since you have not returned your application No. 53598 or replied to correspondence regarding it, it is assumed that you have reconsidered the matter of your proposed appropriation and decided to abandon it.

Unless we hear from you within thirty days from the date of this letter, your application will be rejected without further notice. The recording fee in the amount of \$10.00 will be returned; however, the examination fee in the amount of \$20.00 is required by law to be paid into the General Fund of the State and is, therefore, not returnable.

Sincerely,

Vestal R. Garner
Water Rights Engineer

Box 136
Prairie City, Oregon 97869

Dear Mr Butler:

Your application No. 53598 which was returned to you for correction and completion, endorsed so that in order to retain its date of priority, should have been received in this office on or before December 1, 1975, has not been received.

Therefore, it has lost its priority, but may be re-instated and given a new priority date as of the day it is again received.

Sincerely,

Vestal R. Garner
Water Rights Engineer

September 30, 1975

53598

Edward D. Butler
Box 136
Prairie City, OR 97869

Dear Mr. Butler:

This will acknowledge your application for a permit to appropriate less than one cubic foot of water per second from a spring for domestic use for one family and what appears to be the irrigation of a lawn and garden of less than five acres. We have also received your spring description form, two maps, one showing the location of the pipeline and the other map showing the location of your residence. We have also received the examination and recording fees of \$30.00 for which our receipt No. 49219 is enclosed.

There appears to be a slight disagreement between the two maps regarding the location of the spring. Therefore, I feel it would be best that you submit to us a new map prepared to a scale of no less than four inches equal to one mile and if larger than 8½ inches by 11 inches, prepared on a good quality tracing paper. The map should show the location of the spring and the location of the house in reference to the government survey. Item No. 8 of your application indicates that there may be some irrigation involved in the intended appropriation. If there is, the land intended to be irrigated should be shown on the map along with the number of acres. The irrigated area should be either shaded or cross-hatched on the map so it may be specifically identified.

Items No. 4 and No. 8 of the application form should then be in agreement with the application map.

Domestic use may include the irrigation of a lawn and garden not to exceed one-half acre in area. However, if it is intended to irrigate more than one-half acre of non-commercial lawn and garden, the number of acres must be specified in Item No. 8 of the application. If your application is to be

September 30, 1975

53598

Edward D. Butler

filed for domestic use for one family including lawn and garden irrigation of less than one-half acre, it would require submission of an additional \$5.00 permit recording fee, being a total of \$20.00 for examining the application and \$15.00 for recording the permit. If the application is to be filed for domestic use for one family along with the irrigation of more than one-half acre, we would require submission of an additional \$15.00, being then a total of \$45.00 which would be a \$20.00 examination fee and \$15.00 for recording the domestic portion of the permit and \$10.00 for recording the irrigation portion of the permit.

I am returning your application and maps for correction. The application has been endorsed so that in order to retain its priority date, it must be received in this office on or before December 1, 1975.

If I can assist you in completing this application, please do not hesitate to call.

Sincerely,

Vestal R. Garner
Assistant

Encl: Receipt No. 49219

STATE OF OREGON

COUNTY OF

GRANT

Proof of Appropriation of Water

EDWARD D. BUTLER

of Box 136, Prairie City, State of Oregon 97869,
has applied beneficially the waters of
a spring

a tributary of North Fork Bridge Creek for the purpose of
domestic use for one family including the irrigation of lawn and garden not to
exceed one-half acre in area
under Permit No. 40099 and that the use of said waters has been completed under the
terms of said permit; that the priority of the right dates from
January 19, 1976

that the amount of water for the purposes aforesaid, has been actually beneficially used in the
amount of

0.01 cubic foot per second

or its equivalent in case of rotation, measured at the point of diversion from the stream.
The point of diversion is located in the NE 1/4 NW 1/4, Section 12, T12S, R34E, WM; 625
feet South and 1,765 feet East from NW Corner, Section 12

The amount of water used for irrigation, together with the amount secured under any other
right existing for the same lands, shall be limited to ----- of one cubic foot per second
per acre,

and shall
conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the right, and to which such right is appurtenant, is
as follows:

SW 1/4 NE 1/4
Section 12
Township 12 South, Range 34 East, WM

I have read the above and foregoing proof of appropriation of water; I know the contents
thereof, and that the facts therein stated are true.

IN WITNESS WHEREOF, I have hereunto set my hand this 30th day of March,
1981.

Edward D. Butler
