The partial assignments from Pat O'Brien to Gerald and Virginia Shinn, and from Millie Hass to Nicholas J. Swanson has been recorded in the records of the Water Resources Department.

The Departments records will now show Gerald and Virginia Shinn and Nicholas J. Swanson as the permit holders of record.

Our records have been changed accordingly and the original requests are enclosed. Receipt number 139691 and 139732 covering the recording fees are also enclosed. Receipt number 139691 is being returned to Ginny G. Shinn and Gerald D. Shinn, and receipt number 139732 is being returned to Nicholas J. Swanson and Tracie L Swanson.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by October 1, 2009, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claim of beneficial use has not been received by the Department. This places this permit at risk of cancelation proceedings being started.

Sincerely,

Mary F. Bjork
