The assignment from John and Marlene Bles (Lone Pine Ranch) to John Paul Bles and Marlene Susan Bles, and Northwest Farm Credit Services, FLCA has been recorded in the records of the Water Resources Department.

The Departments records will now show John Paul Bles and Marlene Susan Bles, and Northwest Farm Credit Services, FLCA as the permit holders of record.

Our records have been changed accordingly and the original requests are enclosed. Receipt number 139876 covering the recording fees is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permits.

Please note that Application G-12843, Permit G-13000 requires complete application of water to the proposed use by October 1, 2023, and Application G-15573, Permit G-15114 required complete application of water to the proposed use by October 1, 2016. Within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claims of beneficial use have not been received by the Department.

Sincerely,
