The Department has reviewed the status of your pump test and any requests for extension(s) or exemption(s) for the following permitted well(s). The results are summarized in the following table:

| Application | Water Right | Permitted Well | Pumped Well | Test Date | Request Status | Exemption | Well Name |
|-------------|-------------------|----------------|-------------|------------|----------------|---------------|----------------|
| G 12618 | Permit: G 12441 * | KLAM0012415 | KLAM0012415 | 03/18/2009 | APPROVED | None | WELL 1/BOERSMA |
| G 12618 | Permit: G 12441 * | KLAM0057552 | KLAM0012415 | 03/18/2009 | REJECTED | Multiple Well | WELL 2 |

The exemption(s) was/were denied for the following reason(s):

- The test(s) upon which the exemption request is being made does/do not meet the current pump test requirements.
- The wells are not currently under the same ownership
- The well(s) is/are not within 5 miles of the tested well.
- A multiple well exemption has not been requested in writing.
- Well construction and lithologic information provided on water well reports (i.e. well logs) indicate that the tested well and well(s) requested for exemption do not obtain groundwater from the same aquifer.

The test was rejected for the following reason(s):

- o Annual water level data submitted indicate e-tape measurements are conducted at well KLAM 57552 indicating a useful pump test can be conducted and analyzed

A pump test is still required for the above permitted well(s) whose pump tests or exemptions were denied. If there is a reason why a pump test cannot be performed on the(se) well(s), please contact the Department to request an unreasonable burden exemption. The Department will not grant an exemption if only minor modifications are needed such as installing an access port for water level measurement. The Department may verify by field inspection any claims that a well cannot be pump tested. Unreasonable burden exemption requests must be submitted using the Department's form, which can be obtained on the Department's website.

The following pump test related materials can be found on our web site at:

- Pump test administrative rules: <https://secure.sos.state.or.us/oard/displayDivisionRules.action?selectedDivision=3186>
- A booklet explaining pump tests: https://www.oregon.gov/owrd/WRDFormsPDF/pump_test.pdf
- Pump test data forms: https://www.oregon.gov/owrd/WRDFormsPDF/pump_test_coverF.pdf
- Multiple well exemption request: <https://www.oregon.gov/owrd/WRDFormsPDF/pumptestexemptionform.pdf>
- Unreas. burden exemption request: <https://www.oregon.gov/owrd/WRDFormsPDF/pumptestexemptionunreasburden.pdf>

Without an approved pump test, the Department may not be able to process the Claim of Beneficial Use submitted for this permit. The person or persons conducting the test need to be thoroughly familiar with all the test requirements, which are described in the Water Resources Department's administrative rules OAR 690-217.

Please contact me if you have any questions.

Sincerely,

Jerry Grondin
