NOTICE OF COMPLETE APPLICATION OF WATER TO A BENEFICIAL USE

I, Ora E Hemmenway, the holder of Application No. 10828, being Reservoir Permit No. 7395, issued by the State Engineer of the State of Oregon for the appropriation of 3/20 and 7/20 second-feet of the waters of City Creek and Bramble Branch in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engineer, completely applied the water to a beneficial use, before on the 1st day of June, 19 29, being the time limitation as fixed in said permit or as extended by the State Engineer for the complete application of water to a beneficial use.

Remarks:

If all of the water granted in the permit had not been fully applied to beneficial use, you should so state, so that delinquent appropriators may

have notice.

IN WITNESS WHEREOF, I have hereunto set my hand this 1st day of June, 19 29

Cottage Grove, Ore

RECEIVED
JAN 16 1941
STATE ENGINEER
SALEM, OREGON

To Chas. E. Stricklin, State Engineer

On June 8, 1936, I filed an application for a permit to appropriate 0.35 of one cubic foot per second of the waters of Barrett or Bramble Branch and City Creek for the irrigation of 30 acres in Section 30, Township 20 South, Range 3 West, W. M. In submitting said application, the lands to be irrigated were erroneously described as follows, to-wit:

4 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$
4 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$
11 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$
11 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$
Section 30,
Twp. 20 S., Rge. 3 W., W. M.

In making final proof of application of water to beneficial use, the lands were described as above.

Based upon a recent survey by a reliable engineer, it was found that the lands actually irrigated are within the following subdivisions, to-wit:

3 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$
14 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$
7.5 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$
5.5 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$
Section 30,
Twp. 20 S., Rge. 3 W., W. M.

The 30 acres last above described were actually reclaimed and irrigated at the time of making proof of application of water to beneficial use, and water has been used continuously on said land each and every year thereafter.

WHEREFORE, I pray that a correction certificate of water right be issued correctly describing the lands irrigated as follows, to-wit:

3 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$
14 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$
7.5 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$
5.5 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$
Section 30,
Twp. 20 S., Rge. 3 W., W. M.

Dated at Cottage Grove, Oregon, this 15th day of January, 1941.

PROOF OF APPROPRIATION

Permit No.

Recording fee paid

Receipt No. 11509.....

BEFORE THE STATE ENGINEER OF OREGON

Lane County

IN THE MATTER OF THE PETITION OF
ORA E. HEMENWAY FOR THE ISSUANCE
OF CORRECTION CERTIFICATE OF WATER
RIGHT.

ORDER

On January 16, 1941, Ora E. Hemenway filed a petition in the office of the State Engineer for the issuance of a certificate of water right to correct that certain certificate of water right issued on May 12, 1930, to Ora E. Hemenway and recorded in State Record of Water Right Certificates in Volume 8, Page 8620.

On June 8, 1936, Ora E. Hemenway filed an application for a permit to appropriate 0.35 cubic foot per second of the waters of Barrett or Bramble Branch and City Creek for the irrigation of 30 acres in Section 30, Township 20 South, Range 3 West, W. M., described as follows:

11	acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$
11	acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$
4	acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$
4	acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$

In making final proof of application of water to beneficial use, the lands irrigated were described as above and subsequently certificate of water right was issued to conform with such proof.

Based upon a survey made on November 2, 1940, by Howard Taylor, Surveyor, it was found that the lands actually irrigated are within the following subdivisions:

3	acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$
14	acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$
7.5	acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$
5.5	acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$

Section 30,
Twp. 20 S., Rge. 3 W., W. M.

From the petition submitted by Mr. Hemenway, it appears that the 30 acres last above described were actually reclaimed and irrigated at the time of making proof of application of water to beneficial use and that water has been used continuously on said land each and every year thereafter.

It further appears that certificate heretofore issued to Ora E. Hemenway and recorded in State Record of Water Right Certificates in Volume 8, Page 8620, should be cancelled and a new certificate issued correctly describing the lands irrigated.

NOW, THEREFORE, it hereby is ORDERED that certificate of water right issued to Ora E. Hemenway and recorded in State Record of Water Right Certificates in Volume 8, Page 8620, be and the same hereby is cancelled and that a new certificate of water right be issued in lieu thereof to describe correctly the lands irrigated as follows:

3 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$
14 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$
7.5 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$
5.5 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$
Section 30,
Twp. 20 S., Rge. 3 W., W. M.

Dated at Salem, Oregon, this 7th day of February, 1941.

Attorneys at Law
37 North Sixth Street
Cottage Grove, Oregon

Attention Mr. Herbert W. Lombard, Jr.

Gentlemen:

A search of our records in regard to the real property identified by the blueprint received with your letter of July 30 discloses two water rights of record for use of water on the subject property.

The right established under the terms of permit No. 7395 in the name of Ora E. Hemenway and evidenced by the certificate recorded at page 13429, State Record of Water Rights Certificates, is for the appropriation of not to exceed 0.35 second foot of water from Barrett Creek or Bramble Branch and City Creek, with a priority date of June 8, 1926, for irrigation of 3 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$, 1 $\frac{1}{4}$ acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, 7.5 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and 5.5 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 30, Township 20 South, Range 3 West, W.M.

The right established under the terms of permit No. 22968 in the name of Cecil W. and Elma C. Umpleby and evidenced by the certificate recorded at page 23803, State Record of Water Rights Certificates, is for the appropriation of not to exceed 0.06 second foot of water from Barrett Creek, sometimes known as Bramble Branch, with a priority date of July 31, 1953, for irrigation of 5 acres of land in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 30, Township 20 South, Range 3 West, W.M.

Completed and perfected water rights as evidenced by the certificates are appurtenant to the land upon which the rights were established and travel with the property through change of ownership unless reserved by deed. The law does not provide for recording the change of ownership of such a water right in the records of this office.

Mr. Herbert W. Lombard, Jr.

2

August 6, 1963

Under the provisions of ORS 540.610, five successive years of nonuse creates a presumption that the right has been lost through nonuse; therefore I am unable to advise you of the actual status of the rights although they appear to be in good standing on the records of this office.

The submitted blueprint is enclosed.

Very truly yours,

CHRIS L. WHEELER
State Engineer

Dear Mr. Williams:

In a reply to your letter dated September 7, 1962, regarding water rights on Silk Creek, I overlooked one question. A determination of the vested rights has not been made. We have no measurements on record so we can not help with information regarding unappropriated water of this stream.

I am enclosing the necessary forms if the group you refer to wishes to make application.

Very truly yours,

Lombard, Lombard and Williams
Attorneys at Law
Lombard Building, 37 North 6th Street
Cottage Grove, Oregon

ATT.: Mr. Thomas R. Williams

Dear Mr. Williams:

There are two rights of record for the use of water from Silk Creek and two from tributaries of Silk Creek.

The certificate recorded at page 7682, State Record of Water Right Certificates, was issued to Harry K. Metcalf, describing the appropriation of 0.03 cubic foot per second for irrigation of one and one-third acres.

The certificate recorded at page 13429, State Record of Water Right Certificates, was issued to Ora E. Hemenway, describing the appropriation of 0.35 cubic foot per second for irrigation of 30 acres.

The city of Cottage Grove has a right for the storage of water and use from an unnamed tributary of Silk Creek diverted in Section 36, Township 20 South, Range 4 West, Willamette Meridian. There is also a right covering the appropriation of 0.06 cubic foot per second from Barrett Creek in the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 30, Township 20 South, Range 3 West.

Very truly yours,

CHRIS L. WHEELER

This new permit I would like
to file jointly with my
neighbor, Mr. M. M. Wheeler.

Yours Truly

Ora E. Fennaway

Ora E. Hemenway,
Springfield,
Oregon.

Dear Madam:

Replying to your letter of May 10th regarding changing the point of diversion under your Permit No. 7395 there will be no objection to your changing this point of diversion provided no additional water is used than that called for in the permit and provided you comply with Section No. 5764, Oregon Laws.

I am mailing herewith a copy of the Water Laws of Oregon. You will note what proceedings are necessary in order to make this change by reading the Section which will be found on page 44.

If you should prefer not to comply with this law, you could make a new filing if you so desired.

Yours very truly,

Rhea Luper,
State Engineer.

Mr Rhea Super (State Engineer)
Salem Ore.

Dear Sir

I have obtained a right from my neighbor Mr. M.M. Wheeler to put in a dam on his place, and bring the water across his land so I can get it higher up and irrigate mine land.

Mr Wheeler would also want to use water from the dam to irrigate some of his land.

Would I have to take out a new right to change the place of taking out water and starting my ditch?

My permit is no 7385
I would want to make the change on City Creek.

But on (Barrett) or Bramble Branch
I would want it left the same
as it is at present.

If I would have to take a
new right please send blanks
and instructions.

Yours Truly

Ora E Hemmaway

Dear Sir

I am sending
Blueprint corrected, also a
map of my farm showing where
I want irrigation.

If this isnt right, please send
new application blank, and
blank to make drawing on and
I will have it drawn, showing
section lines etc.

Yours Very Truly

Springfield,
Oregon.

Dear Madam:

Enclosed herewith please find official receipt number 3970 for \$7.50, which amount was transmitted with application for permit to appropriate water, together with blue print to accompany the filing.

The application has been numbered 10828 and is being returned herewith for correction, as it does not correspond with the map submitted. The map shows the land to be irrigated as follows:

11 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$
11 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$
3 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$
3 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 30,

whereas, the application describes the land as follows:

4 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$,
4 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$,
11 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$,
11 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 30,

and we are uncertain which is correct.

If you will make the correction which is necessary and return the papers to this office, (together with a map that can be reproduced, or a tracing), within thirty days from the date of this letter, we will enter the filing as of June 8th.

Yours very truly,

H.
