Reference: Application G-17174, Permit G-16639
Application G-15478, Permit G-15220

The assignment by proof from Roderick and Margaret Murray Trust, Roderick K. Murray, Trustee and Margaret Murray, Co-Trustee to John R. Murray and Anne Catherine Murray has been recorded in the records of the Water Resources Department.

The Departments records will now show John R. Murray and Anne Catherine Murray as the permit holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 141145 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits to be familiar with the conditions and timelines contained in the permit.

Please note that Application G-17174, Permit G-16639 required complete application of water to the proposed use by October 1, 2018, and Application G-15478, Permit G-15220 required complete application of water to the proposed use by October 1, 2020, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claims of beneficial use have not been received by the Department. This places the permits at risk of cancelation proceedings being started.

Sincerely,

Mary F. Bjork
