Form 131 sent JUN 6 1977

Form C

IMPORTANT—This form is a notice to the State Engineer that permittee is ready to make final proof to the extent to which the water has actually been applied to the intended use under the terms of the permit. Permittee is cautioned that Certificate of Water Right will be issued based on the extent of the quantity and use as determined by the final proof inspection and survey which will be made in response to the filing of this Form C.

NOTE: In the case of an irrigation permit, this Form C should not be mailed to the State Engineer until all of the land described in the permit, which it is intended to irrigate under this permit at any time, has actually been irrigated. Fill out, detach and mail to the State Engineer, Salem, Oregon 97310, when all of the water has been applied.

Application No. 49098

NOTICE OF COMPLETE APPLICATION OF WATER TO A BENEFICIAL USE

I, Lra Ralph Lacy, the holder of Permit No. 36153.

appropriate the public waters of the state of Oregon, completely applied the waters to a beneficial use in accordance with the terms of said permit, on the 17 day of Dec, 1973.

Remarks:

Everything is working fine and
Ready for your inspection

IN WITNESS WHEREOF, I have hereunto set my hand this 17 day of Dec, 1973

Form B

Application No. 49098

NOTICE OF COMPLETION OF CONSTRUCTION

I, Lra Ralph Lacy, the holder of Permit No. 36153.

appropriate the public waters of the state of Oregon, completed the construction of the works described herein on the 17 day of Dec, 1973.

Remarks:

Everything is Ready and
working fine
If the works have less capacity than described in the permit, or you have definitely abandoned part of the proposed development, you should state in order that our records may not be unnecessarily encumbered.

FINAL PROOF SURVEY
UNDER

Application No. 49098 Permit No. 36153
IN NAME OF

IRA RALPH & HELEN M. LACY

Surveyed JULY 23 1975, by L. TOLL

STATE OF OREGON

COUNTY OF

CURRY

Proof of Appropriation of Water

IRA RALPH & HELEN M LACY

of P. O. Box 369, Brookings
has applied beneficially the waters of
an unnamed spring

, State of Oregon, 97415 ,

a tributary of Coon Creek
domestic use for one family including the irrigation of lawn & garden not to exceed
1/2 acre in area

under Permit No. 36153 and that the use of said waters has been completed under the
terms of said permit; that the priority of the right dates from
March 27, 1972

that the amount of water for the purposes aforesaid, has been actually beneficially used in the
amount of
0.01 cubic foot per second

or its equivalent in case of rotation, measured at the point of diversion from the stream.
The point of diversion is located in the NW 1/4 SE 1/4, Section 3, T. 40 S., R. 14 W., W. M.,
430 feet South and 1040 feet East from the Center, Section 3.

The amount of water used for irrigation, together with the amount secured under any other
right existing for the same lands, shall be limited to ----- of one cubic foot per second
per acre,

and shall
conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the right, and to which such right is appurtenant, is
as follows:

Ira R. & Helen M. Lacy
P.O. Box 369
Brookings, OR 97415

Dear Mr. & Mrs. Lacy,

Thank you for your check in the amount of \$2.00 and the proof form in connection with your permit 36153.

When you submitted your application in 1972, you did ask to irrigate 1.5 acres. In our letter of March 25, 1972, we brought to your attention that domestic use has not been defined by Oregon Law but it is generally accepted to mean household use of water only. We realize that watering a small lawn or garden is a common practice so it has been our policy to suggest that an applicant describe the use of water as domestic including the irrigation of lawn and non-commercial garden not exceed $\frac{1}{2}$ acre in area, if that is their intent. If an area greater than $\frac{1}{2}$ acre is to be watered, the wording on the application must be given as domestic and irrigation. An additional irrigation recording fee is also required in this case.

When we returned the application to you in 1972 for clarification, you had changed it to show domestic including the irrigation of lawn and garden not exceeding $\frac{1}{2}$ acre in area.

As requested, I have enclosed another application form for your use along with a pamphlet which briefly explains the procedure in establishing a water right. I have enclosed the proof so that Helen M. Lacy could sign it.

Further action will be held on your file for a reasonable length of time pending your reply.

Sincerely,

Thomas E. Shook
Water Rights Engineer

P.O. Box 369
Brookings, OR 97415

Dear Mr. & Mrs. Lacy,

Enclosed is the proof of appropriation of water under your water right permit number 36153.

The data contained in the proof is based on an inspection and survey of your project made by a representative of this office. It defines the extent to which the water right has been completed within the terms of your permit. The proof should be carefully examined, dated and signed and returned to this office.

Upon receipt of the proof and the recording fee of \$2.00, a certificate of water right will be issued confirming the right and, after recording in the county records, will be forwarded to you.

You may keep the map print for your records.

Incidentally, our engineer noted that water was also being pumped from a pond in the stream channel for irrigation purposes. Permit 36153 does not include this use and it will not be included in your certificate of water right. If you wish to establish a right to use water for irrigation, an application for a permit will have to be submitted. We will send the necessary form upon request.

Sincerely,

Thomas E. Shook
Water Rights Engineer

. Dear Mr. and Mrs. Lacy:

This will acknowledge receipt of your notice to the effect that complete application of water has been made under permit No. 36153.

Pursuant to your report and in line with the general practice of this office, a survey will be made at a later date.

After this survey, proof may be made and certificate issued covering the actual use of water as found by the engineer. In case of irrigation, any lands described in the permit that have not been irrigated will be automatically eliminated from the water right.

In the meantime, the permit which you hold will be valid evidence of the water right in question so long as you continue to use the water.

Very truly yours,

CHRIS L. WHEELER
State Engineer

Dear Mr. Youngquist:

I am enclosing a copy of the application number 49098 submitted by Ira Ralph and Helen M. Lacy. The map and legal description to support their application are not in their file and I am unable to say definitely that the map and legal description were not submitted.

Therefore, as discussed in our telephone conversation of October 12, 1972, I am enclosing a map prepared on tracing paper showing the spring as located in their application.

Will you please contact Mr. Lacy for the purpose of obtaining a legal description of the property and locating the house to be served water on the enclosed map. Both the map and legal description should be returned to support their application.

In a letter from Mr. Lacy dated September 9, 1972, he advised us that his present address is P. O. Box 369, Brookings, Oregon, 97415.

Very truly yours,

WAYNE J. OVERCASH

File No. 49098

Mr. and Mrs. Ira Ralph Lacy
P. O. Box 137
Shady Cove, OR 97539

Dear Mr. and Mrs. Lacy:

This will acknowledge your application for a permit to appropriate 0.01 cubic foot of water per second from no name spring for domestic to include irrigation of not more than $1\frac{1}{2}$ acres. Also acknowledged are a reproducible map, spring description sheet, and fees of \$25 for which our receipt No. 27837 is enclosed. The application has been filed and numbered 49098.

If you propose to irrigate $1\frac{1}{2}$ acres as indicated in Item number 3, irrigation must be stated as a separate use and it will be necessary to list the $1\frac{1}{2}$ acres in Item number 8 with respect to the proper location, and show the location of the $1\frac{1}{2}$ acres on your application map by shading or hatchuring the area in some manner along with noting the figure $1\frac{1}{2}$ to designate the acreage to be irrigated. Irrigation as a separate use will require an additional \$5 recording fee.

Domestic use is generally accepted to mean household use but may include the irrigation of a lawn and noncommercial garden not exceeding $\frac{1}{2}$ acre in area if specifically stated as such in Item number 3. If stated as such the fees submitted will be adequate.

It will also be necessary for Helen M. Lacy to sign the application in the space provided following Item number 14.

A legal description of the property upon which the water will be used must accompany the application. This can be copied from your deed, title insurance policy, or sales contract.

I am returning your application and map for correction and completion. The application is endorsed so that in order to retain its priority date, it must be returned to this office on or before June 23, 1972.

Mr. John Youngquist
1144 S. E. Douglas Street
Roseburg, OR 97470

Dear Mr. Youngquist:

I am enclosing a copy of the application number 49098 submitted by Ira Ralph and Helen M. Lacy. The map and legal description to support their application are not in their file and I am unable to say definitely that the map and legal description were not submitted.

Therefore, as discussed in our telephone conversation of October 12, 1972, I am enclosing a map prepared on tracing paper showing the spring as located in their application.

Will you please contact Mr. Lacy for the purpose of obtaining a legal description of the property and locating the house to be served water on the enclosed map. Both the map and legal description should be returned to support their application.

In a letter from Mr. Lacy dated September 9, 1972, he advised us that his present address is P. O. Box 369, Brookings, Oregon, 97415.

Very truly yours,

WAYNE J. OVERCASH
Assistant
