Dear Mr. Voli:

Thank you for your check in the amount of \$2.00. We have also received the signed proof form.

I apologize for not bringing this to your attention earlier, but the project described in your water right is within two counties, Jackson and Josephine. By law, the certificate is to be recorded by the county clerk of the county in which the right is located, therefore, another \$2.00 is required.

As requested, I have prepared an application for you. The map shows the area shows the area in question. If you agree with the application and map, please sign the application in the space provided under the remarks section and return it along with a \$20.00 examination fee and a \$10.00 irrigation recording fee. A check in the amount of \$32.00 could be sent.

Gentlemen,

Enclosed is the proof of appropriation of water under your water right permit number G-4481

The data contained in the proof is based on an inspection and survey of your project made by a representative of this office. It defines the extent to which the water right has been completed within the terms of your permit. The proof should be carefully examined, dated and signed and returned to this office.

Upon receipt of the proof and the recording fee of \$2.00, a certificate of water right will be issued confirming the right and, after recording in the county records, will be forwarded to you.

You may keep the map print for your records.

Sincerely,

Trevor Jones, Administrator  
Water Rights Division

Form 132

Our field engineer found a total of 32.9 acres claimed irrigated in connection with permit number G-4481, which exceeds the limit of 29.1 acres under the permit. If you intend to establish a legal water right for the additional 3.8 acres, a permit must be obtained. We will assist in making an application for a permit for the additional land at your request.

Gentlemen:

This will acknowledge receipt of your notice to the effect that complete application of water has been made under permit No. G-4481.

Pursuant to your report and in line with the general practice of this office, a survey will be made at a later date.

After this survey, proof may be made and certificate issued covering the actual use of water as found by the engineer. In case of irrigation, any lands described in the permit that have not been irrigated will be automatically eliminated from the water right.

In the meantime, the permit which you hold will be valid evidence of the water right in question so long as you continue to use the water.

Sept 9 - 1970

Dear Sir:-

I am sorry that I did not send in the form you mentioned I have looked thru my papers and fail to find it.

I started work on the Reservoir in Fall of 1968 found there was water enough to feed on

I have installed a pump started to pump April 17, 1969 and have used the water during irrigation season every sense.

Will you please make me Form A

Sincerely  
Vance Kubli
