1. The reservoir is located in Section 20, Township 12S, Range 4W, in Linn County. (Enclose a US Geological Survey topographical map or a tax lot map showing the location of the reservoir(s). Copies of portions of the maps are acceptable, provided information on the copy verifies the correct legal description.)

3. Maximum height of the dam: 4 feet
4. Maximum water depth in the reservoir: 3 ft

6. Size, description and location of any outlet pipe: no outlet. This was a low lying area that was deepened with a cat about 1949.
7. Enclose evidence that the reservoir(s) existed before January 1, 1993, such as one or more of the following:
  - 7.1 A dated aerial photograph which shows the immediate area above, below and surrounding the reservoir(s);
  - 7.2 An affidavit signed by the landowner or other knowledgeable person (signature needs to be notarized);
  - 7.3 A dated map prepared by a local, state or federal agency showing the location of the reservoir; or
  - 7.4 Construction receipts or other forms of documentation.

**Declaration by Owner/Authorized Agent:**

Each of the reservoirs described herein was in existence before January 1, 1993, is located off-channel and stores less than 9 acre-feet of water or has a dam less than 10 feet in height.

I/We believe the reservoir(s) qualifies under ORS 537.141 and OAR 690-11-041 for exemption from Oregon's water right filing requirements.

**Notice to Owners/Authorized Agent:**

Reservoirs that qualify for exemption under ORS 537.141 and OAR 690-11-041 shall be subject to the following conditions:

1. The right to store or use water in the reservoir shall not have priority over any water right; and
2. The right to store and use water in the reservoir(s) shall be subordinate to all future permitted or certificated water rights.

WATER  
RESOURCES  
DEPARTMENT

REFERENCE: File # P-74249;  
Notice of Exempt Reservoir (Pond)

Your exempt reservoir notice has been received by the Department and has been assigned the above-referenced file number. We would like to ask you to refer to this number if you should need to contact us about the notice, your pond, or ponds if you have more than one.

To avoid any misunderstanding, we feel it is important to tell you that although we have received and filed your notice, we have not yet determined whether you are exempt from water right requirements. The watermaster responsible for the area in which the pond(s) is (are) located will help us apply the Water Resources Commission's administrative rules to your situation. These rules set the standards that determine which ponds require water rights and which are exempt. We will let you know the results as soon as we are able to complete our review of your pond(s)'s nature.

Since the department must rely initially on the information you submit to us, it is very important that the information be complete and accurate. If inspections show that your pond(s) does (do) not qualify as exempt, you could be asked to drain the pond(s) or submit a water right application or both. If you submit your application after January 1, 1995, it will be processed like any other application, since that is the deadline for filing water rights under the pond amnesty program.

The department will process your information as quickly as possible. However, because water right processing staff members are working hard to reduce a backlog of applications, it may be some weeks before you hear from us.

If you have questions, you may contact your watermaster. The enclosed brochure lists watermaster names, telephone numbers and addresses by county.

Sincerely,

Mr. Cory C. Engel  
Water Rights Research Assistant
