

Application for a Permit to Use Surface Water

Oregon Water Resources Department
725 Summer Street NE, Suite A
Salem, Oregon 97301-1266
503-986-0900
www.oregon.gov/OWRD

SECTION 1: APPLICANT INFORMATION AND SIGNATURE

Applicant

NAME CATHY SANDBERG		PHONE (HM) 541-580-5152	
PHONE (WK)	CELL		FAX
MAILING ADDRESS 2773 SUNSHINE RD.			
CITY ROSEBURG	STATE OR	ZIP 97470	E-MAIL * CASANDBERG152@GMAIL.COM

Organization

NAME		PHONE		FAX
MAILING ADDRESS			CELL	
CITY	STATE	ZIP	E-MAIL *	

Agent – The agent is authorized to represent the applicant in all matters relating to this application.

AGENT / BUSINESS NAME		PHONE		FAX
MAILING ADDRESS			CELL	
CITY	STATE	ZIP	E-MAIL *	

Note: Attach multiple copies as needed

* By providing an e-mail address, consent is given to receive all correspondence from the Department electronically. (Paper copies of the proposed and final order documents will also be mailed.)

By my signature below I confirm that I understand:

- I am asking to use water specifically as described in this application.
- Evaluation of this application will be based on information provided in the application.
- I cannot legally use water until the Water Resources Department issues a permit.
- The Department encourages all applicants to wait for a permit to be issued before beginning construction of any proposed diversion. Acceptance of this application does not guarantee a permit will be issued.
- If I begin construction prior to the issuance of a permit, I assume all risks associated with my actions.
- If I receive a permit, I must not waste water.
- If development of the water use is not according to the terms of the permit, the permit can be cancelled.
- The water use must be compatible with local comprehensive land use plans.
- Even if the Department issues a permit, I may have to stop using water to allow senior water right holders to receive water to which they are entitled.

I (we) affirm that the information contained in this application is true and accurate

Applicant Signature: Cathy A. Sandberg Print Name and Title if applicable: Cathy A. Sandberg Date: 06-24-2024

Applicant Signature _____ Print Name and Title if applicable _____ Date _____

For Department Use: App. Number: _____

SECTION 2: PROPERTY OWNERSHIP

Please indicate if you own all the lands associated with the project from which the water is to be diverted, conveyed, and used.

- ☐ YES, there are no encumbrances.
- ☐ YES, the land is encumbered by easements, rights of way, roads or other encumbrances.
- ☒ NO, I have a recorded easement or written authorization permitting access.
- ☐ NO, I do not currently have written authorization or easement permitting access.
- ☐ NO, written authorization or an easement is not necessary, because the only affected lands I do not own are state-owned submersible lands, and this application is for irrigation and/or domestic use only (ORS 274.040).
- ☐ NO, because water is to be diverted, conveyed, and/or used only on federal lands.

Affected Landowners: List the names and mailing addresses of all owners of any lands that are not owned by the applicant and that are crossed by the proposed ditch, canal or other work, even if the applicant has obtained written authorization or an easement from the owner. (*Attach additional sheets if necessary*).

Ben Dawson Jr. 2589 Sunshine Road, Roseburg, OR 97470

Legal Description: You must provide the legal description of: 1. The property from which the water is to be diverted, 2. Any property crossed by the proposed ditch, canal or other work, and 3. Any property on which the water is to be used as depicted on the map.

SECTION 3: SOURCE OF WATER

A. Proposed Source of Water

Provide the commonly used name of the water body from which water will be diverted, and the name of the stream or lake it flows into (if unnamed, say so), and the locations of the point of diversion (POD):

Source 1: Spring Area	Tributary to: Clover Creek
TRSQQ of POD: 27S R5W Section 3 SESE	
Source 2:	Tributary to:
TRSQQ of POD:	

If any source listed above is stored water that is authorized under a water right permit, certificate, or decree, attach a copy of the document or list the document number (for decrees, list the volume, page and/or decree name).

NA

OWRD

B. Applications to Use Stored Water

Do you, or will you, own the reservoir(s) described in Section 3A above?

☐ Yes. ☐ No. (Enclose a copy of your written notification to the operator of the reservoir of your intent to file this application, which should have been mailed or delivered to the operator.)

If all sources listed in Section 3A are stored water, the Department will review your application using the expedited process provided in ORS 537.147, unless you check the box below. Please see the instruction booklet for more information.

☐ By checking this box, you are requesting that the Department process your application under the standard process outlined in ORS 537.150 and 537.153, rather than the expedited process provided by ORS 537.147. To file an application under the standard process, you must enclose the following:

- A copy of a signed non-expired contract or other agreement with the owner of the reservoir (if not you) to impound the volume of water you propose to use in this application.
- A copy of your written agreement with the party (if any) delivering the water from the reservoir to you.

SECTION 4: SENSITIVE, THREATENED OR ENDANGERED FISH SPECIES PUBLIC INTEREST INFORMATION

This information must be provided for your application to be accepted as complete. The Water Resources Department will determine whether the proposed use will impair or be detrimental to the public interest with regard to sensitive, threatened or endangered fish species.

To answer the following questions, use the map provided in Attachment 3 or the link below to determine whether the proposed point of diversion (POD) is located in an area where the Upper Columbia, the Lower Columbia, and/or the Statewide public interest rules apply.

For more detailed information, click on the following link and enter the T,R,S,QQ or the Lat/Long of a POD and click on "Submit" to retrieve a report that will show which section, if any, of the rules apply:

https://apps.wrd.state.or.us/apps/misc/lkp_trsqq_features/

If you need help to determine in which area the proposed POD is located, please call the customer service desk at (503) 986-0900.

Upper Columbia - OAR 690-033-0115 thru -0130

Is the POD located in an area where the Upper Columbia Rules apply?

☐ Yes ☒ No

If yes, you are notified that the Water Resources Department will consult with numerous federal, state, local and tribal governmental entities so it may determine whether the proposed use is consistent with the "Columbia River Basin Fish and Wildlife Program" adopted by the Northwest Power Planning Council in 1994 for the protection and recovery of listed fish species. The application may be denied, heavily conditioned, or if appropriate, mitigation for impacts may be needed to obtain approval for the proposed use.

Received

JUL 03 2024

OWRD

For Department Use: App. Number: _____

If yes,

- I understand that the proposed use does not involve appropriation of direct streamflow during the time period April 15 to September 30, except as provided in OAR 690-033-0140.
- I understand that I will install, operate and maintain a fish screen and fish passage as listed in ORS 498.301 through 498.346, and 509.580 through 509.910, to the specifications and extent required by Oregon Department of Fish and Wildlife, prior to diversion of water under any permit issued pursuant to this application.
- I understand that the Oregon Department of Environmental Quality will review my application to determine if the proposed use complies with existing state and federal water quality standards.
- I understand that I will install and maintain water use measurement and recording devices as required by the Water Resources Department, and comply with recording and reporting permit condition requirements.

Lower Columbia - OAR 690-033-0220 thru -0230

Is the POD located in an area where the Lower Columbia rules apply?

☐ Yes ☒ No

If yes, you are notified that the Water Resources Department will determine, by reviewing recovery plans, the Columbia River Basin Fish and Wildlife Program, and regional restoration programs applicable to threatened or endangered fish species, in coordination with state and federal agencies, as appropriate, whether the proposed use is detrimental to the protection or recovery of a threatened or endangered fish species and whether the use can be conditioned or mitigated to avoid the detriment.

If a permit is issued, it will likely contain conditions to ensure the water use complies with existing state and federal water quality standards; and water use measurement, recording and reporting required by the Water Resources Department. The application may be denied, or if appropriate, mitigation for impacts may be needed to obtain approval of the proposed use.

If yes, provide the following information (the information must be provided with the application to be considered complete).

☐ Yes ☒ No The proposed use is for more than **one** cubic foot per second (448.8 gpm) and is not subject to the requirements of OAR 690, Division 86 (Water Management and Conservation Plans).

If yes, provide a description of the measures to be taken to assure reasonably efficient water use:

Statewide - OAR 690-033-0330 thru -0340

Is the POD located in an area where the Statewide rules apply?

☒ Yes ☐ No

If yes, the Water Resources Department will determine whether the proposed use will occur in an area where endangered, threatened or sensitive fish species are located. If so, the Water Resources Department, Department of Fish and Wildlife, Department of Environmental Quality, and the Department of Agriculture will recommend conditions required to achieve "no loss of essential habitat of threatened and endangered (T&E) fish species," or "no net loss of essential habitat of sensitive (S) fish species." If conditions cannot be identified that meet the standards of no loss of essential T & E fish habitat or no net loss of essential S fish habitat, the agencies will recommend denial of the application unless they conclude that the proposed use would not harm the species.

Received
JUL 03 2024
OWRD

SECTION 5: WATER USE

Provide the amount of water you propose to use from each source, for each use, in cubic feet-per-second (cfs) or gallons-per-minute (gpm). If the proposed use is from storage, provide the amount in acre-feet (af):
(1 cfs equals 448.8 gpm. 1 acre-foot equals 325,851 gallons or 43,560 cubic feet)

SOURCE	USE	PERIOD OF USE	AMOUNT
Spring Area	2-Dom Expanded & Stock water	year round	0.02 ☒ cfs ☐ gpm ☐ af
			☐ cfs ☐ gpm ☐ af

Please indicate the number of primary, supplemental and/or nursery acres to be irrigated.

Primary: _____ Acres Supplemental: _____ Acres Nursery Use: _____ Acres

If supplemental acres are listed, provide the Permit or Certificate number of the underlying primary water right(s):

Indicate the maximum total number of acre-feet you expect to use in an irrigation season: _____

- If the use is **municipal or quasi-municipal**, attach **Form M**
- If the use is **domestic**, indicate the number of households: 2
- If the use is **mining**, describe what is being mined and the method(s) of extraction:

SECTION 6: WATER MANAGEMENT

Received

JUL 03 2024

OWRD

A. Diversion and Conveyance

What equipment will you use to pump water from your source?

- ☐ Pump (give horsepower and type):
☒ Other means (describe): Gravity flow pipeline

Provide a description of the proposed means of diversion, construction, and operation of the diversion works and conveyance of water.

Diversion is from a spring area via pipelines to 2 holding tanks then via gravity flow pipeline to houses and stock troughs.

B. Application Method

What equipment and method of application will be used? (e.g., drip, wheel line, high-pressure sprinkler) drip and maybe sprinkler. Very small garden and lawn area as spring flow is limited

C. Conservation

Please describe why the amount of water requested is needed and measures you propose to: prevent waste; measure the amount of water diverted; prevent damage to public uses of affected surface waters. Water is needed for domestic purposes. Springs do not flow into a stream in a defined channel. Spring flow is limited. Livestock troughs are controlled via float valves. Streams in the area dry up in mid summer.

SECTION 7: RESOURCE PROTECTION

In granting permission to use water from a stream or lake, the state encourages, and in some instances requires, careful control of activities that may affect the waterway or streamside area. See instruction guide for a list of possible permit requirements from other agencies. Please indicate any of the practices you plan to undertake to protect water resources:

- ☐ Diversion will be screened per ODFW specifications in ORS 498.301 through 498.346 to prevent uptake of fish and other aquatic life.
Describe planned actions: no screen as this is a spring area and not a stream
- ☒ Excavation or clearing of banks will be kept to a minimum to protect riparian or streamside areas.
Note: If disturbed area is more than one acre, applicant should contact the Department of Environmental Quality to determine if a 1200C permit is required.
Describe planned actions and additional permits required for project implementation: System was put in years ago. The source has been considered an exempt spring
- ☒ Operating equipment in a water body will be managed and timed to prevent damage to aquatic life.
Describe planned actions and additional permits required for project implementation: no equipment
- ☒ Water quality will be protected by preventing erosion and run-off of waste or chemical products.
Describe planned actions: Domestic expanded so there will be no runoff, Livestock troughs are controlled by float valves
- ☐ List other federal and state permits or contracts to be obtained, if a water right permit is granted.
None

SECTION 8: PROJECT SCHEDULE

- a) Date construction will begin: complete
b) Date construction will be completed: Complete
c) Date beneficial water use will begin: has begun (used since the 1960's)

Received

JUL 03 2024

OWRD

SECTION 9: WITHIN A DISTRICT

- ☐ Check here if the point of diversion or place of use are located within or are served by an irrigation or other water district.

Irrigation District Name	Address	
City	State	Zip

SECTION 10: REMARKS

Use this space to clarify any information you have provided in the application. *(Attach additional sheets if necessary).*
This water system has been used for many years. Property is being divided so that the spring area will not be on the property where water is used. Therefore, the spring area will no longer be exempt. In order to divide property the County requires proof of water so a permit to use water is required. Streams in the area dry up in mid summer.

Minimum Requirements Checklist

Minimum Requirements (OAR 690-310-0040, OAR 690-310-0050 & ORS 537.140)

Include this checklist with the application

Check that each of the following items is included. The application will be returned if all required items are not included. If you have questions, please call the Water Rights Customer Service Group at (503) 986-0900.

Please submit the original application and signatures to the Water Resources Department. Applicants are encouraged to keep a copy of the completed application.

- ☒ SECTION 1: Applicant Information and Signature
- ☒ SECTION 2: Property Ownership
- ☒ SECTION 3: Source of Water
- ☒ SECTION 4: Sensitive, Threatened or Endangered Fish Species Public Interest Information
- ☒ SECTION 5: Water Use
- ☒ SECTION 6: Water Management
- ☒ SECTION 7: Resource Protection
- ☒ SECTION 8: Project Schedule
- ☐ SECTION 9: Within a District
- ☒ SECTION 10: Remarks

Include the following additional items:

- ☒ Land Use Information Form with approval and signature of local planning department (*must be an original*) or signed receipt.
- ☒ Provide the legal description of: (1) the property from which the water is to be diverted, (2) any property crossed by the proposed ditch, canal or other work, and (3) any property on which the water is to be used as depicted on the map.
- ☒ Fees - Amount enclosed: \$2,520.00
See the Department's Fee Schedule at www.oregon.gov/owrd or call (503) 986-0900.
- ☒ Map that includes the following items:
 - ☒ Permanent quality and drawn in ink
 - ☒ Even map scale not less than 4" = 1 mile (example: 1" = 400 ft, 1" = 1320 ft, etc.)
 - ☒ North Directional Symbol
 - ☒ Township, Range, Section, Quarter/Quarter, Tax Lots
 - ☒ Reference corner on map
 - ☒ Location of each diversion, by reference to a recognized public land survey corner (distances north/south and east/west)
 - ☒ Indicate the area of use by Quarter/Quarter and tax lot identified clearly.
 - ☐ NA Number of acres per Quarter/Quarter and hatching to indicate area of use if for primary irrigation, supplemental irrigation, or nursery
 - ☒ Location of main canals, ditches, pipelines or flumes (if well is outside of the area of use)

For Department Use: App. Number: _____

Water-Use Permit Application Processing

1. Completeness Determination

The Department evaluates whether the application and accompanying map contain all of the information required under OAR 690-310-0040 and OAR 690-310-0050. The Department also determines whether the proposed use is prohibited by statute. If the Department determines that the application is incomplete, all fees have not been paid, or the use is prohibited by statute, the application and all fees submitted are returned to the applicant.

2. Initial Review

The Department reviews the application to determine whether water is available during the period requested, whether the proposed use is restricted or limited by rule or statute, and whether other issues may preclude approval of or restrict the proposed use. An Initial Review (IR) containing preliminary determinations is mailed to the applicant. The applicant has 14 days from the mailing date to withdraw the application from further processing and receive a refund of all fees paid minus \$310. The applicant may put the application on hold for up to 180 days and may request additional time if necessary.

3. Public Notice

Within 7 days of the mailing of the initial review, the Department gives public notice of the application in the weekly notice published by the Department at www.oregon.gov/owrd. The public comment period is 30 days from publication in the weekly notice.

4. Proposed Final Order Issued

The Department reviews any comments received, including comments from other state agencies related to the protection of sensitive, threatened or endangered fish species. Within 60 days of completion of the IR, the Department issues a Proposed Final Order (PFO) explaining the proposed decision to deny or approve the application. A PFO proposing approval of an application will include a draft permit, and may request additional information or outstanding fees required prior to permit issuance.

5. Public Notice

Within 7 days of issuing the PFO, the Department gives public notice in the weekly notice. Notice includes information about the application and the PFO. Protest must be received by the Department within 45 days after publication of the PFO in the weekly notice. Anyone may file a protest. The protest filing fee is \$480.00 for the applicant and \$950.00 for non-applicants. Protests are filed on approximately 10 percent of Proposed Final Orders. If a protest is filed the Department will attempt to settle the protest but will schedule a contested case hearing if necessary.

6. Final Order Issued

If no protests are filed, the Department can issue a Final Order within 60 days of the close of the period for receiving protest. If the application is approved, a permit is issued. The permit specifies the details of the authorized use and any terms, limitations or conditions that the Department deems appropriate

NOTE TO APPLICANTS

In order for your application to be processed by the Oregon Water Resources Department (OWRD), this Land Use Information Form must be completed by a local government planning official in the jurisdiction(s) where your water right will be diverted, conveyed, used, and developed. The planning official may choose to complete the form while you wait or return the "Receipt Acknowledging Request for Land Use Information" to you. Applications received by OWRD without the Land Use Information Form, or the signed receipt, will be returned to you. **IMPORTANT:** Please note that while OWRD can accept a signed receipt as part of intake for an application for a new permit to use or store water, a completed Land Use Information Form is required for OWRD's acceptance of all other applications. Please be aware that your application cannot be approved without land use approval.

This form is **NOT** required if:

- 1) Water is to be diverted, conveyed, and used on federal lands only; **OR**
- 2) The application is for a water right transfer, allocation of conserved water, exchange, permit amendment, or ground water registration modification, and all of the following apply:
 - a. The existing and proposed water use is located entirely within lands zoned for exclusive farm-use or within an irrigation district;
 - b. The application involves a change in place of use only;
 - c. The change does not involve the placement or modification of structures, including but not limited to water diversion, impoundment, distribution facilities, water wells and well houses: **and**

NOTE TO LOCAL GOVERNMENTS

The person presenting the attached Land Use Information Form is applying for a new water right or modifying an existing water right. The Oregon Water Resources Department (OWRD) requires applicants to obtain land use information to ensure the water right does not result in land uses that are incompatible with your comprehensive plan. Please complete the form and return it to the applicant for inclusion in their application. **NOTE:** For new water right applications only, if you are unable to complete this form while the applicant waits, you may complete the "Receipt Acknowledging Request for Land Use Information" and return it to the applicant.

You will receive notice via OWRD's weekly Public Notice once the applicant formally submits their request to OWRD. The notice will give more information about OWRD's water right process and provide additional comment opportunities. If you previously only completed the receipt for an application for a new permit to use or store water, you will have 30 days from the Public Notice date to complete the Land Use Information Form and return it to OWRD. Your attention to this request for information is greatly appreciated. If you have questions concerning this form, please contact OWRD's Customer Service Group at 503-986-0900 or WRD_DL_customerservice@water.oregon.gov.

A. Land and Location

Please include the following information for all tax lots where water will be diverted (taken from its source), conveyed (transported), and/or used or developed. Applicants for municipal use, or irrigation uses within irrigation districts, may substitute existing and proposed service-area boundaries for the tax-lot information requested below.

Township	Range	Section	¼ ¼	Tax Lot #	Plan Designation (e.g., Rural Residential/RR-5)	Water to be:	Proposed Land Use:
27S	5W	2		100	EFU	☐ Diverted ☒ Conveyed ☒ Used	Home, Stock water, farm
27S	5W	3		400	EFU	☒ Diverted ☒ Conveyed ☒ Used	Farm Stock Water
						☐ Diverted ☐ Conveyed ☐ Used	
						☐ Diverted ☐ Conveyed ☐ Used	

List all counties and cities where water is proposed to be diverted, conveyed, and/or used or developed:

DOUGLAS

NOTE: A separate Land Use Information Form must be completed and submitted for each county and city, as applicable.

B. Description of Proposed Use

Type of application to be filed with the Oregon Water Resources Department:

- ☒ Permit to Use or Store Water
 ☐ Water Right Transfer
 ☐ Permit Amendment or Ground Water Registration Modification
☐ Limited Water Use License
 ☐ Exchange of Water
 ☐ Allocation of Conserved Water

Source of water:
☐ Reservoir/Pond
☐ Ground Water
☒ Surface Water (name) SPRINGS

Estimated quantity of water needed: 0.02
☒ cubic feet per second
☐ gallons per minute
☐ acre-feet

Intended use of water:
☐ Irrigation
☐ Commercial
☐ Industrial
☒ Domestic for 2 household(s)
☐ Municipal
☐ Quasi-Municipal
☐ Instream
☒ Other STOCK

Briefly describe:

Water has been used from a spring area since the 1960's. The property will likely be divided so that the spring is no longer on property where the use is so that will require a water right. Spring water is piped to two holding tanks then piped to the residences and stock troughs

Note to applicant: For new water right applications only, if the Land Use Information Form cannot be completed while you wait, please have a local government representative sign the receipt on the bottom of page 4 and include it with the application filed with the Oregon Water Resources Department.

See Page 4 →

For Local Government Use Only

The following section must be completed by a planning official from each county and city listed unless the project will be located entirely within the city limits. In that case, only the city planning agency must complete this form. This deals only with the local land use plan. Do not include approval for activities such as building or grading permits.

Please check the appropriate box below and provide the requested information

- ☒ Land uses to be served by the proposed water use(s), including proposed construction, are allowed outright or are not regulated by your comprehensive plan. Cite applicable ordinance section(s): LUCO 833.050.1
- ☐ Land uses to be served by the proposed water use(s), including proposed construction, involve discretionary land-use approvals as listed in the table below. (Please attach documentation of applicable land-use approvals which have already been obtained. Record of Action/land-use decision and accompanying findings are sufficient.) **If approvals have been obtained but all appeal periods have not ended, check "Being Pursued."**

Type of Land-Use Approval Needed (e.g., plan amendments, rezones, conditional-use permits, etc.)	Cite Most Significant, Applicable Plan Policies & Ordinance Section References	Land-Use Approval:	
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued
		☐ Obtained ☐ Denied	☐ Being Pursued ☐ Not Being Pursued

Local governments are invited to express special land use concerns or make recommendations to the Oregon Water Resources Department regarding this proposed use of water in the box below or on a separate sheet.

BARGAIN AND SALE DEED

KNOW ALL MEN BY THESE PRESENTS that CARLENE DAWSON, grantor does hereby grant, bargain, sell and convey unto BEN DAWSON, JR. grantee, his heirs and assigns, all of her interest in the real prop rty, with the tenements, hereditaments and appurtenances, situated in the County of Douglas, State of Oregon, bounded and described as follows, to-wit:

Parcel No. 1: Beginning at the East Quarter Corner of Section 35, Township 26 South, Range 5 West, Willamette Meridian, Douglas County, Oregon, thence West along the north line of the Southeast quarter of said Section 35 to the Southeast corner of the Southwest quarter of the Northeast quarter of said Section 35; thence North along the east line of said Southwest quarter of the Northeast quarter of Section 35 to the Northeast corner thereof; thence West along the north line of the Southwest quarter of the Northeast quarter of said Section 35 to the east line of the Northwest quarter of said Section 35; thence North along said east line of the Northwest quarter of said Section 35 Township 26 South, Range 5 West, to the southeasterly boundary of Sunshine County Road; (said Southeasterly boundary of Sunshine County Road being the boundary line that existed prior to widening and re-alignment as disclosed by Douglas County Road Docket #954); thence Southwesterly along said southeasterly road boundary to the south line of Section 3, Township 27 South, Range 5 West, Willamette Meridian; thence East along the north lines of Section 10 and Section 11, Township 27 South, Range 5 West to the North Quarter Corner of said Section 11; thence South along the west line of the North half of the Northeast quarter of Sections 11 to the Southwest corner thereof; thence East along the south line of the North half of the Northeast quarter of Section 11 to the west line of Section 12; thence South along the west line of Section 12 to a point which is 17 chains North of the Quarter Corner between Section 11 and 12; thence running in a Northeasterly direction to a point 100 yards East of the Quarter corner on the north line of Section 1, Township 27 South, Range 5 West; thence West along the township line between Township 26 South, and Township 27 South to the Southeast Corner of Section 35, Township 26 South, Range 5 West; thence North along the east line of the Southeast quarter of Section 35 to the place of beginning. EXCEPTING THEREFROM the East half of the Northeast quarter of the Northwest quarter of Section 1, Township 27 South, Range 5 West, Willamette Meridian, Douglas County, Oregon. ALSO EXCEPTING THEREFROM that part taken by Resolution of Douglas County for widening and realignment of Sunshine County Road #58 as disclosed by Douglas County Road Docket #954.

Parcel No. 2: East half of the Northeast quarter of the Northwest quarter of Section 1, Township 27 South, Range 5 West of the Willamette Meridian, Douglas County, Oregon.

The true and actual consideration for this transfer is NONE.

TO HAVE AND TO HOLD the above described and granted premises unto the said grantee, his heirs and assigns forever, as above stated.

WITNESS my hand this 5th day of April, 1973.

Carlene Dawson

AGREEMENT

This Agreement entered into this th 10 day of June, 2016 by and between Ben Dawson Jr., hereinafter "Dawson", and Catherine A. Sandberg, hereinafter "Sandberg".

RECITALS

A. Sandberg built a house at 2773 Sunshine Road, and next to that is a mobile home located at 2771 Sunshine Road, Roseburg, Oregon. Both homes get their water from a series of private springs that are approximately one-half mile to the south of the residences.

B. The property on which the houses and the springs are located is owned by Dawson in the SW 1/4 of the NW1/4 of Sec 2 Township 27S Range 5 Willamette Meridian and the SE 1/4 of the SE 1/4 of Sec 3 Township 27S Range 5 Willamette Meridian.

C. There is currently a waterline from the springs to the two residences and Sandberg is planning on relocating the waterline to a different location. Access to the current waterline and to the proposed location of the new waterline is through fields owned by Dawson.

NOW THEREFORE IT IS HEREBY AGREE:

1. Dawson agrees that, in the event that the properties at 2771 and 2773 Sunshine Road are separated from the private springs, Dawson will grant those residences and the property or properties on which they are located a perpetual, non-exclusive easement for use of the private springs and water system including but not limited to pipes and holding tanks under the terms set forth in this Agreement. The easement will be in a recordable form, acknowledged, and include legal descriptions of the parcel containing the private springs and the parcel or parcels containing the residences.

2. The area of the easement around the springs would be as shown on Exhibit A attached hereto and incorporated herein by reference. There is one current holding tank which is separate

from the spring and the area of the easement around the tank is to be 6 feet on all sides of the currently existing holding tank. The easement includes the right to install a second holding tank of approximately the same dimension and if installed an easement 6 feet on all sides of such holding tank. Sandberg may choose the location of such additional holding tank. The easement for pipes is to begin at the private springs, be 10 feet on either side of the currently existing waterline and terminate on the parcel containing the residences described in paragraph 1. Sandberg has the right to install a new waterline in a different location and upon completion of a new waterline the centerline of the easement would be the newly constructed waterline.

3. The easement would provide that the dominant estate with the right (1) to repair and maintain the springs; (2) to repair, replace and install holding tanks and water lines within the easement area or expansion of it based upon the addition of another holding tank and (3) to fence off the private springs and any holding tank.

4. The dominant estate shall have the right of ingress and egress over the servient estate or other properties of Dawson connecting to Sunshine road to access the easement area set forth in paragraph 2.

5. All relocated waterlines will be underground, except where they go through a culvert.

6. The easement shall include the right to transport water to the holding tanks for the benefit of the dominant properties.

7. Sandberg agrees to install a new water line from the private springs to the residences and to install a new holding tank and improve the existing holding tank.

8. Sandberg may have any part of the easement granted surveyed and Dawson agrees to sign recordable documents locating the easement or any portion thereof.

9. The rights to the water from the private springs shall be exclusive to the residences located at 2771 and 2773 Sunshine Road.

10. Dawson agrees to not perform any activities not currently performed in the areas around the easement that would adversely effect the private springs or the easement to be granted.

11. Pending the construction of the new waterline, Sandberg shall have the rights set forth herein.

12. This Agreement will be binding on and inure to the benefit of the parties and their respective heirs, personal representatives, successors and assigns.

13. If this Agreement is placed in the hands of an attorney because of a default in the performance of any of its terms, the defaulting party will pay, immediately on demand, the other party's actual fees and expenses together with reasonable attorney fees, even though no claim, suit

or action is filed. If any arbitration, mediation, or other proceeding is brought in lieu of litigation, or if a claim, suit or an action is instituted to enforce or interpret any of the terms of this easement, the party not prevailing will pay the prevailing party's actual fees and expenses, costs and disbursements, fees and expenses of expert witnesses used to determine reasonable attorney fees under ORCP 68, and such sums as the court may determine to be reasonable for the prevailing party's attorney fees connected with the trial and any appeal and by petition for review thereof.

IN WITNESS WHEREOF said parties have executed this as of the day and year first hereinabove written.
