RE: File No. L-85

Dear Mr. Monson:

On May 25, 1966, an application for an additional point of diversion was filed by Lower Powder River Irrigation District.

The application has been held in our files since May 31, 1966 with no further action from the District.

On November 8, 1979, we sent a request that the District withdraw the application since nothing was being done to complete the change.

As of this date, we have not received any reply from the District, therefore, the file is being closed. The recording fee of \$5 will be refunded with a copy of this letter at a later date.

Sincerely,

Samuel R. Allison
