RE: Map Identification: Township 39S, Range 1E, Section 13, Tax Lot 700, 501, 800

To Whom it May Concern:

A water right research was conducted for the above stated parcel(s) per your request. Findings indicate the following water rights of record are pertinent to the tax lot(s) as described in the table below:

Tax Lot	Certificate or Permit	Priority Date	Use	Source
501,700,800	2325	April 10, 1915	Irrigation	Sulphur Springs
501,700	15681	April 24, 1946	Domestic for 2 Families & Irrigation	Two Springs
501,700,800	11090	April 25, 1934	Municipal	Sulphur Spring
501,700,800	90847	1852	Irrigation, Domestic, Stock	Neil Creek

Irrigation season is from April 1st through October 31st unless otherwise noted on Certificate.

Please refer to the attached documents and maps for the place of use of these water rights. This will allow you to compare how the water rights of record overlay the parcel. In order to determine the **exact** location of the water right, you may want to hire a Certified Water Rights Examiner (CWRE) to survey the water right.

Keep in mind, while this office may tell you water rights are attached to a tract of land, we cannot tell you about continued use or non-use of the right. After five successive years of non-use all or part of the right may be subject to forfeiture. Water rights do not grant trespassing on other lands, therefore access to the point of diversion may be necessary.

Once a Permit or Certificate of water rights has been issued, it stays with the land. In order to keep track of ownership, the department requests that when a Permit has been issued that a Request for Assignment Form be submitted and when a Certificate of Water Rights has been issued that an Ownership Update Form be submitted to the department. If there are multiple water rights, a separate form for each right will be required.

Feel free to contact us if you have questions or to set up an appointment to discuss these water rights.

Sincerely,

Christi Haines
