RE: Reclaimed Municipal Water Use Registration RM-207 492

Dear Iseli Nursey management:

The Oregon Water Resources Department ("OWRD") received your registration for Reclaimed Municipal Water Use form on October 30, 2015. The Registration form is complete, signed by all the appropriate parties, and meets the requirements of ORS 537.131 and 537.132. OWRD assigned record RM-207 to your Registration, which will be managed as a physical file in Salem and viewable online at: http://apps.wrd.state.or.us/apps/wr/wrinfo_stage/ as an "RM" type Application.

This Registration allows the use of reclaimed municipal water under an exemption provided by ORS 537.132 rather than completing the process to obtain a formal water use permit. The Registered exempt use is allowed only while the corresponding Department of Environmental Quality (DEQ) facility discharge permit is in effect, which is currently pending renewal. This Registration must be renewed with OWRD when the DEQ facility discharge permit is renewed again in the future for the exempt use to continue.

If reclaimed municipal water use occurs instead of exercising existing water rights at the same location, ORS 540.610(2)(h) provides protection of those existing water rights from potential forfeiture due to extended non-use. It is prudent to document and maintain a record of your annual use of reclaimed municipal water.

Oregon's *Integrated Water Resources Strategy* encourages additional use of reclaimed municipal water to help keep our streams clean and reduce the demand on limited water supplies. Thank you for putting the strategy into action and using water wisely.

If you have questions regarding this Registration letter, please contact me directly at 503-986-0919, Steve.W.Parrett@wr.state.or.us, or call 503-986-0900 and ask for the *Water Reuse Coordinator*.

Gentlemen: attn: Mr J.E. Shook

In June, 1971, we applied for water rights on our irrigation well.

Please refer to your file # G-5559.

We have been trying to find the permit which we presumed we had received from you. Since we can not find such a permit will you please advise us if one was ever sent to us, and if so, the number of the permit, date, etc.

If one was not sent, may we expect one, or what?

The last correspondence we had with your office was your letter dated Dec. 15, 1971.

Thank you.

Dear Mr. Heitzman:

Thank you for your letter dated December 12, 1971, referring to my letter of November 4, 1971. I can see, now, how the letter could be misinterpreted. I was merely trying to point out the fact that your application, as prepared, required an examination fee of \$15 and an irrigation recording fee of \$7.70 for a total of \$22.70. You submitted \$25 with the application; therefore, the excess \$2.30 will be returned to you when the permit is issued.

If you have any further questions, please contact me.
