APPLICATION No. 14450
PERMIT No. 10470

September 27, 1932.

Mr. H. A. Dampsey,
Rickreall, Oregon.

Dear Sir:

Final proof under your Permit No. 10470 has been received, together with the original permit.

The proof, however, is not considered to be satisfactory in that it does not give sufficient description of the completed works. The number of acres which are actually being irrigated should be stated under Item 8, and the items on the second page which I have checked in pencil should be filled out. There is a fee of \$1.00 for recording the water right certificate in the County Clerk's office which should accompany the proof form.

Your permit is being returned herewith and you should retain it until the water right certificate is received as it is your record of your water right.

Very truly yours,

CHAS. S. STRICKLIN,
State Engineer.

V. S. Bovelle, Assistant.
