Subject: Review of Water Right Application G-19253
Date: August 27, 2024

The attached application was forwarded to the Well Construction Section by the Groundwater Section. Phillip Marcy reviewed the application. Please see Phillip's Groundwater Review and the Well Report.

Applicant's Well #3 (YAMH 453): Based on a review of the Well Report, Applicant's Well #3 seems to protect the groundwater resource.

The construction of Well #3 may not satisfy hydraulic connection issues.

Applicant's Well #4 (Proposed): Well #4 is a proposed well, therefore it cannot be reviewed for construction. Construction of this proposed well shall be completed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240. During construction of this well, specific attention should be paid to ensure sealing requirements are met and that the well does not commingle aquifers.

The construction of proposed Well #4 may not satisfy hydraulic connection issues.
