The Departments records will now show R. B. Webber Development, LLC as the permit holder of record for Application G-18136, Permit G-17600.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by May 12, 2021, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). As of this date, the claim of beneficial use has not been received by the Department. This places this permit at risk of cancelation proceedings being started.

Our records have been changed accordingly and the original requests are enclosed. Receipt number 143982 covering the recording fees is also enclosed.

Sincerely,

A handwritten signature in black ink that reads "Mary F. Bjork". The signature is written in a cursive style with a horizontal line extending to the right.
