NOTICE OF BEGINNING OF CONSTRUCTION

Permit No. 328

Application No. 478

July 1-11 12 13

I, J. W. Gibbs, the holder of Application No. 328, being
Construction Permit No. 328, issued by the State Engineer of the State of
 Oregon for the appropriation of 18 second feet of the waters of Altman & Johnson Gulch
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engi-
 neer, began the actual construction of the works described thereon by the application of water to a
 beneficial use on the 1 day of June, 1912, being within the time limitation as fixed
 in said permit for the beginning of construction work.

Commenced work June 1st, 1912, 10 men with picks & shovels
 The appropriator should state the manner of beginning construction work, number of men and teams employed, the
Have 600 ft of ditch all completed with exception of
about 10 rods which must be cut in 2 ft. from the beginning
beginning of work in good faith.
water through entire ditch.

IN WITNESS WHEREOF, I have hereunto set my hand this 27 day of Jan, 1912
Holland Oregon J. W. Gibbs
 (Present Address) (Signature of Applicant)

Fill out, detach, and mail to the Secretary, Board of Control, Salem, Oregon.

Permit Application

in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engi-
 neer, have completed the construction of the works described therein for the application of water to
 a beneficial use on the 15 day of June, 1912, being within the time limitation as
 fixed in said permit for the completion of construction work.

Remarks:

If the works have a less capacity than as described in the permit, or you have definitely abandoned your
 plan of irrigating any of the lands described in your permit, you should so state in order that our records may not be
 unnecessarily encumbered.

 (Present Address) (Signature of Applicant)

Fill out, detach, and mail to the Secretary, Board of Control, Salem, Oregon. Form D should be used in reporting
 progress of work if more than one year has been allowed for completion.

Permit No. Application No.

Oregon for the appropriation of 18 second feet of the waters of Altman & Johnson Gulch
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engi-
 neer, have completely applied the water to a beneficial use, on the 1st day of December, 1912,
 being the time limitation as fixed in said permit for the complete application of water to a beneficial
 use.

Remarks:

If all of the water granted in the permit had not been fully applied to beneficial use, you should so state.
 so that subsequent appropriators may have notice.

Application No. 475.

Nov. 15, 1915.

Mr. O. S. Blanchard,

Grants Pass, Oregon.

Dear Sir:

In reply to your inquiry of the 12th instant

you are advised that all necessary steps have been taken

in connection with application No. 475, permit No. 328,

and that final water right certificate No. 745, has been

issued to F. W. Gibbs, J. M. Sabin, Lem Sabin and Mary

Sabin, on Dec. 16, 1914.

Very respectfully,

John H. Lewis,

PAC-S.

State Engineer.

John H. Lewis,
State Engineer,
Salem, Oregon.

Dear Sir:

Will you please be kind enough to give me the status of water permit number 328, recorded in Book One of the Water Permits at page 328. This water, as I understand it, has been used continuously, but I am asked to find out whether or not all steps have been taken to see if it is in good shape.

Mr. F. W. Gibbs,

Holland, Oregon.

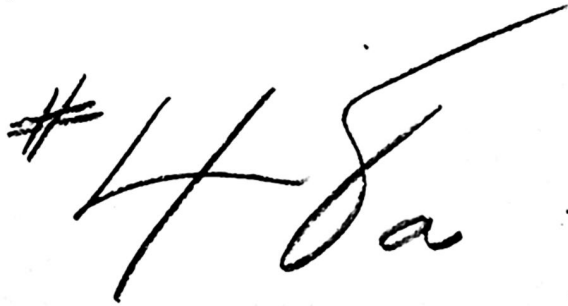

Dear Sir:

I beg to acknowledge receipt of \$5.00, transmitted by your letter of the 4th inst., to cover the balance of fees due on your application, No. 475. You state in your letter that \$4.00 was transmitted to this office in March. This amount was not received in this office. Three dollars was transmitted some time in January and receipt of this amount was acknowledged to Mr. J. K. Smock, which makes a total of \$8.00 now received.

Very respectfully,

State Engineer.

Mr. F. W. Gibbs,

Holland, Oregon.

Dear Sir:

I am returning herewith, for some slight additional corrections, your application No. 475. I would suggest that, if possible, you make a map on the enclosed township plat, showing the location with reference to section, township and range of the proposed appropriation. I understand that this land is not surveyed, but have no doubt you will be able to locate the appropriation within the right section, at least. The remainder of the fees due on this application is \$5.00, for filing and recording the same.

Very respectfully,

State Engineer.

Mr. F. W. Gibbs,

Althouse, Oregon.

Dear Sir:

I am returning herewith your application, No. 475, for completion and correction, in accordance with the provisions of Section 47 of the 1909 water law. The necessary corrections will be the transfer of this application to the printed form enclosed herewith and maps furnished in accordance with the printed instructions, a copy of which is also enclosed.

In order to retain its original date of priority, this application, corrected, must be received in this office on or before April 11th.

Very respectfully,

State Engineer.

(Enclosures.)

Dear Sir:-

I beg to acknowledge application for permit to appropriate the waters of Althouse Creek, by F. W. Gibbs and others, and the same has been numbered 475.

Upon receipt of \$3.00, the fee as provided by law for examination of applications, this application will be examined and will then be returned for the necessary corrections, which will include the transferring of the application to the printed form and also the furnishing of a map showing the location of the point of diversion, the ditch or canal line, and the place of use.

If it will be impossible to furnish this data within 30 days from date of the return of the application, kindly advise, and the application will be held here a reasonable time before being returned.

Very respectfully

J. M. Smock, Holland, Oregon,

Dear Jack, -

I herewith return notice of water location, as the law of 1909, requires appropriations of water to be made with the State Engineer, John H. Lewis, at Salem, Oregon, who upon application, will furnish the necessary information, blanks &c.

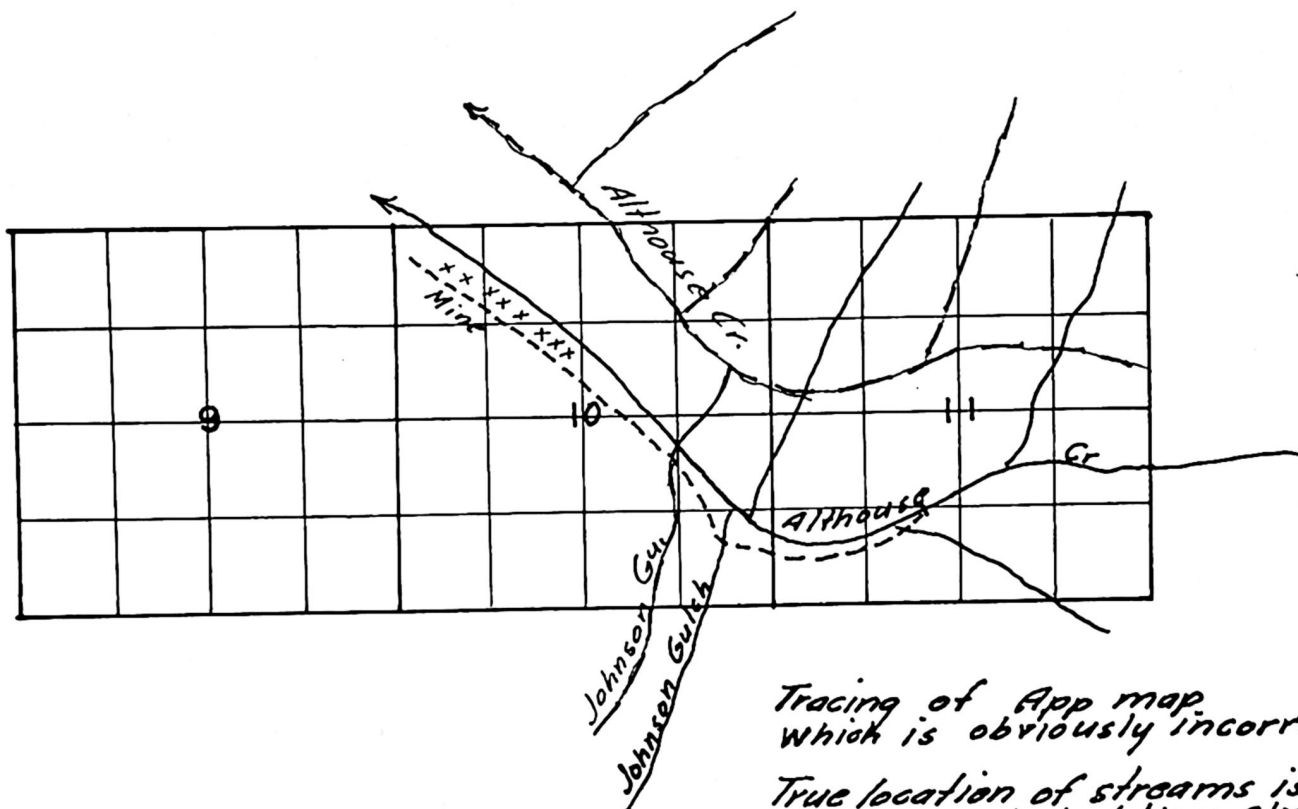

I also inclose \$1.00 in change due you, as the recording fees for the four placer notices is \$3.00, which have been filed for record, and will be returned to you in about 30 days.

Yours truly,

S. F. Cheshire
Clerk.

REPORT AND RECOMMENDATIONS TO STATE WATER BOARD
By Representative Taking Proof.

I recommend that water right certificate be issued for the amount of water allowed on the permit. The ditch was in such condition that a measurement could not be made. It had been filled in with tailings from a mine above the grade near Gentry and should estimate its capacity to be considerably greater than 15 second feet. Several acres have been worked with this ditch.

I further provision should be made that when water right is made it be taken from Allison Creek so the water from Johnson's ditch is used by a mine above during subsequent drought and retained to the stream below the ditch and below mine.
