TO: SWR-53

FROM: Don Knauer

DATE: May 13, 1992

SUBJECT: FIELD INSPECTION

On May 4, 1992 Dwight French and I visited the property cover by this SWR. There is a very old appearing house on this property. We searched for the spring but did not find the actual diversion point as shown on the map. There were lengths of pvc and rusted iron pipe in the channel of the stream.

There is no reason to question the information on the map and form even though we didn't actually identify the diversion point.
