Dear Ms. Adams,

Your fish screen was inspected on 11/6/2024. In reference to water right transfer file number T-14160 this letter confirms that a National Marine Fisheries Service criteria fish screen as approved by ODFW is located on the property near GPS coordinates: 44.879861, -117.104180.

In regard to the inspection of the fish screen located on Pine Creek the following has been determined:

1. The screen located at coordinates 44.879861, -117.104180 is 7"x10" homemade screen using 3/32<sup>nd</sup> inch perforated plate.
2. This screen setup is approved for water use up to 184 gpm or .41 cfs.
3. All screen and pump configurations meet ODFW criteria at the time of inspection, any changes or modifications to the configurations will not be covered by this certification letter.
4. This screen is an end of pipe screen; therefore, no by-pass is required.
5. Approval is contingent on the applicant performing adequate maintenance as necessary to keep the screens in working order, including periodic inspections and repairs to maintain proper function.

Please contact me if you have any questions regarding this letter at 541-575-0561.

Sincerely,

Nathaniel Ashley
