.....Permit No. 047.....

County of Josephine

Application No..111.2....

Proof of Appropriation of Water

(In accordance with the provisions of Chapter 216, Laws of Oregon for 1909, and the regulations of the State Water Board thereunder.)

From Johnson Gulch Tributary of Altman Creek

1. Name Joan Apple

2. Postoffice address Harland, Oregon

3. For what purpose is water used? Placer mining

4. Did you begin the actual construction of the Johnson Gulch mining Ditch,

(or other distributing works described in said permit), on or before May 14 1912?

Yes

5. Give the date of completion of such construction work Dec. 30, 1910

6. When was all the water completely applied to the proposed use? April 10, 1911

7. The description of land given below corresponds to that found in your permit covering land to be irrigated, or if for other purposes, the place of use. In the blank column on the right, headed "No. acres actually irrigated," fill in the number of acres you have irrigated in each of the tracts described.

Tp.	Rg.	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
41 S	7 E	14	N.E. "NW"		
			Well To Be irrigated 150 feet		
			M. Surveyed	12.50 acft	

8. During what months is water beneficially used? *November Dec. Jan. Feb. March*

Apr. May June

9. State the character of the soil and kind of crops raised

10. Does the accompanying blue print of the map filed with your permit show correctly the location of diverting works and area of land where water is used? *Practically*

11. If not, state wherein such map is in error. *The ground is now surveyed but blue print covers Permit as well as can be determined*

12. If the dimensions of your ditch or dam do not correspond to those described in your permit, state what changes have been made, giving dimensions of ditch (or other distributing works) *No Change*

13. If water is used for power, mining, domestic, municipal, storage, manufacturing, or any other purpose than irrigation, give the extent and method of such use. *has been used for Placer Mining with pipe mining The years of 1911, 12, 13, 14, 15;*

AFFIDAVIT OF WITNESSES

We, Ernest F. Hellier and Thomas M. Loughlin,
of _____, being first duly sworn, depose and say that
we are well acquainted with the facts and conditions set forth in the foregoing statement relative
to proof of appropriation of water under Permit No. 247; that we and each of us have
been over and upon each tract described in said proof and from such personal inspection, have
knowledge that all necessary ditches, dams and other diversion and distributing works have been
constructed, and water used as stated therein; that we have carefully read such proof of appropria-
tion, and that each and every statement contained therein is true to the best of our knowledge
and belief.

Ernest F. Hellier
Thomas M. Loughlin

NOTICE OF COMPLETION OF CONSTRUCTION

I, John Apple, holder of Application No. 1112, being
 Permit No. 547, issued by the State Engineer of the State of
 Oregon for the appropriation of 12.50 second feet of the waters of Johnson Gulch
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engi-
 neer, have completed the construction of the works described therein for the application of water to
 a beneficial use on the 30 day of December, 1910, being within the time limitation as
 fixed in said permit for the completion of construction work.

Remarks: If the works have a less capacity than as described in the permit, or you have definitely abandoned your
 plan of irrigating any of the lands described in your permit, you should so state in order that our records may not be
 unnecessarily encumbered.

WITNESS WHEREOF, I have hereunto set my hand this 25 day of January, 1911.

Holland

(Present Address)

John Apple

NOTICE OF BEGINNING OF CONSTRUCTION

I, John Apple, the holder of Application No. 1112, being
 Permit No. 5-47, issued by the State Engineer of the State of
 Oregon for the appropriation of 12 1/2 second feet of the waters of Johnson Creek
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engi-
 neer, began the actual construction of the works described thereon by the application of water to a
 beneficial use on the 7 day of December 1910, being within the time limitation as fixed
 in said permit for the beginning of construction work.

Dick and shovel work Salem, Ore.
 The appropriator should state the manner of beginning construction work, number of men and teams employed, the
 amount of work completed up to the date of this statement, and any additional information which may tend to show the
154 rods of new the water on my mining ground to beneficial use on
 beginning of work in good faith.

the 30 day of December 1910 and using the water now
 IN WITNESS WHEREOF, I have hereunto set my hand this 2 day of February 1912.

Application No. 1112.

112a

December 1, 1910.

Apple & Mankins,

Holland, Oregon.

Gentlemen:-

This is to acknowledge receipt of your letter of the 25th ult., together with maps and Application No. 1112, and examination fee of \$3.00 for same. This application has been filed, and will be examined in due course of time, and if found incorrect, will be returned for correction. Prior to approval of permit, an additional filing and recording fee of \$5.00 will be required.

In answer to your inquiry regarding filing on Althouse Creek, will say that Application No. 475, of F. W. Gibbs and J. M. Sabin, Lin Sabin and Mary Sabin was filed in this office on January 17, 1910. Application is for the waters of Althouse Creek, and Johnson's Gulch for hydraulic mining. Eighteen cubic feet per sec. is applied for, which is the equivalent of 720 inches. Diversion point is given as in unsurveyed Section 11, T. 14 S. R. 7 W., and works in Sec. 10. Permit No. 328 was issued July 1, 1910.

Very respectfully,

HCB/MM

State Engineer.

State Water Board,

Salem, Oregon.

Gentlemen:

On behalf of Mr. John Apple, of
Holland, Oregon, I am sending you proofs of
appropriation of water under permits numbered
546 and 547.

Yours truly,

JNJ-EMC

J. N. Johnston

June 12, 1915.

J. N. Johnston,

Grants Pass, Oregon.

Dear Sir:-

Proof of appropriation of water under permits No. 546 and 547 of Mr. John Apple, have been received and filed in this office. These proofs appear to be in proper form and upon receipt of the \$1.00 recording fee on each permit as required by law, the matter will be submitted to the State Water Board for approval and issuance of certificate.

Very respectfully,

Assistant Secretary.

Holland Ore Feb. 1.

OF THE BOARD OF CONTROL
RECEIVED
FEB 5 1913
SALEM,
OREGON.

Mr J. H. Lewis
Salem Ore.

Dear Sir

Please find enclosed Notice of Completion
construction on Permit 5-47

You will also find enclosed a card I received
from you asking my opinion on the water question.
It may be all right for farming but I do
not think some parts of it is right for mining.
Now for instance a man comes along discovers gold
in a large bank, It may be a paying proposition
by hydraulic mining, now he should drive drifts
and sink shafts to get enough yardage of paying
gravel in sight to justify him to take a
water right and put on a long ditch, such prospecting
might take ^{three} two years ^{or more} now. The ground is no
good for mining without the water, and according
the law now as I understand it a fellow to be sure
water he would have to get a permit and come in

construction before he had his ground prospected
I do not think it gives a miner a square deal especially
up here in a snowy country like this is

I recieved the extension of time on Permit No 546
til June 1. 1913 and very Thank ful To you for
it as I had bin running almost night and day
in the storm to get lumber and construct a 4 ft.
flume 350 ft. ^{long} around a high bluff of rock to
get the water on the ground to benificial use
Thinking perhaps I might loas my water right after
about 3 years of hard prospecting to see if I needed
The water or not

Very respectfully
John Apple
