re: surface water registration - Gerald Kamph (#SWR-48)

Dear Mr. Prahar,

I am returning three of the copies of the map you submitted for Mr. Kamph's surface water registration. I am sending some map information which shows we need "ink on permanent quality paper". In the future I would prefer a single map on plastic film such as mylar but any medium which will be a permanent record will be accepted. I would suggest you add a "disclaimer" to your future maps for registration statements.

The map for SWR-48 shows Mr. Kamph's zip code as 97415 the form shows his zip code as 97450. Would you please let me know which one is correct? I can make the change without returning them to you.

I am also returning the "land use form" you sent with the claim. This form is not required for a registration statement. I have kept a copy in the file simply for reference.

If you have any questions or comments please give me a call.

Sincerely,

Don Knauer
