Dear Mr. and Mrs. Rubish:

Your application for an extension of the time limit in which to complete construction under the terms of the Permit Number 46030 has been received. We also have your check in the amount of \$20.

The Water Resources Director is authorized to allow an extension of the time limits only upon a showing by the holder of the permit that reasonable diligence has been exercised toward completion of the project within the time limits allowed.

From the information given in your application, it is questionable whether sufficient diligence has been shown to justify the requested extension. However, you are being given the benefit of the doubt and the time limit to COMPLETE CONSTRUCTION is being extended to October 1, 1984, to allow you the opportunity to complete the appropriation.

Sincerely,

Bruce A. Estes, Supervisor
