RE: File# SWR-113

DEAR JAMES F. GOSSON,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Powers Ranch Co.. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

- | | |
|----------------------------|--|
| ✓ diversion point location | ORS 539.240 (2) (d) (A) "...in reference to an established corner of the US public lands survey or recorded subdivision..." I need this information for the domestic and stock tanks systems. |
| ✓ conveyance | ORS 539.120 "...the location of and each ditch, canal, pipeline or other means of conveying the water..." I need this information for the stock tank system. |
| ✓ place of use (¼ ¼) | ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..." I need this information for the stock tank system. |

1/10 acre

OAR 690-28-025-(4)-(d) "The number of acres irrigated in each quarter quarter shall be shown to the nearest tenth of an acre." It appears there is some irrigation involved in this water use, I need to know where it is and how much.

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

Sincerely,

Don Knauer

RE: Surface Water Registration Statement

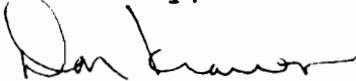

Dear Mr. Powers,

This will acknowledge that your Surface Water Registration Statements in the name of Powers Ranch Co have been received by our office. The fees in the amount of \$ 800.00 have been received and our receipt # 94923 is enclosed. Your registration statements hve been numbered SWR-112,113 and 114.

Our office will review your forms and maps in the near future. If necessary we will schedule a meeting with you that will include a site inspection. If there are problems with your forms we are usually able to take care of them during our visit. We will be able to answer any questions you might have about the adjudication process at that time.

Please feel free to contact this office if you have any questions.

Sincerely,

Don Knauer

I, Juanita Hayes Bartlett, being first duly sworn upon oath depose and say:

That I was born December 30, 1897 at Rolland Prairie near Gaylord, Coos County, Oregon, and lived in the vicinity for a number of years thereafter.

That prior to 1909 I observed predecessors in interest of the current Powers Ranch Co. properties Southwest of Powers, Oregon using domestic, irrigation and livestock water from the South Fork of the Coquille River and its tributary creeks. The Powers Ranch Co. properties I am speaking of could be more accurately described as the old Green Ranch adjacent to Salmon Creek, Dude Creek and Tim Creek in Sections 4, 5, 6, 8, 9 and 17 in Township 32 South, Range 12 West of the Willamette Meridian and Sections 33 and 34 in Township 31, Range 12 West of the Willamette Meridian and the old Guerin Ranch in Sections 31 and 32 in Township 31 South, Range 12 West of the Willamette Meridian.

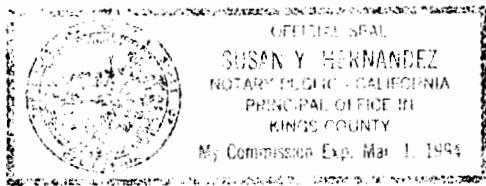

Domestic and irrigation water was carried from the creeks and livestock was watered directly from the creeks and river at this early time.

This affidavit is made and executed as a statement of facts within my personal knowledge in support of an application for perfection of water rights.

Juanita Hayes Bartlett
