On October 5, 1990, we received three assignment forms for permits 33883, 41308, and 49571, along with your check for \$30 in recording fees.

Permit 33883 is evidenced by Certificate 53086. Permit 41308 is evidenced by Certificate 53069. There are no statutory provisions for assigning a completed water right as evidenced by a certificate of water right. The right passes automatically with the land through change of ownership.

Permit 49571 has not yet been perfected and will need to be assigned.

animously agreed that support of this bill is
essential.

Director Richards made motion that the District
draft letter stating its support of this
legislation. Frederickson seconded motion.
Motion carried.

APPLICATIONS FOR PERMIT TO
APPROPRIATE WATER:

Three Notices for Permits were presented for
Board action:

- #68547- Teel Irrigation District - 15,000 acres
- #68564- Harris Pine Mills - Sprinkle log decks
- #68481- Grieb Farms - Supplemental irrigation

Manager Dick explained formally protesting
one of these permits would involve paying
a fee and hiring a different attorney.
Other Districts should bear some of the
cost.

Motion was made by Director Frederickson
to protest Permits 68547 & 68564; Permit 68481
to be approved. Richards seconded motion.
Motion carried.

MAX HELLBERG BILLING:

Hellberg was notified of meeting but did
not attend. Board reviewed statement
mailed to him August 30, in the amount of
\$3,068.68. Since his verbal response had
been that he would not pay the bill,
decision was made to send him another
statement with interest added. If he refuses
to pay, a lien should be placed on his crops.

CONDITION OF #2 PUMP AT
UMATILLA STATION:

Manager Dick stated that the #2 pump was
started for the fish study people and ran
about six hours when problems were encount-
ered and it was necessary to switch back
to #1.

COSTS OF SPRAYING COMPARISON:

Manager Dick reported on the spraying for
weed control that has been done this summer
from 3 Mile Dam to Patterson Ferry Road, in-
cluding pump stations, and made cost compari-
son of spraying versus burning. There was a
decided savings in covering the same area.

CLEANING MAIN CANAL:

Manager Dick suggested that Board members take
a look at 3 Mile Dam as soon as water is shut
