RE: Surface Water Registration Statement

Dear Mr. & Mrs. Cannon,

This will acknowledge that your Surface Water Registration Statement in the name of Lynn E. and Rose M. Cannon has been received by our office. The fees in the amount of \$400.00 have been received and our receipt #95152 is enclosed. Your registration statement has been numbered SWR-120.

Our office will review your form and map in the near future. If necessary we will schedule a meeting with you that will include a site inspection. If there are problems with your form we are usually able to take care of them during our visit. We will be able to answer any questions you might have about the adjudication process at that time.

Please feel free to contact this office if you have any questions.

Sincerely,

Dwight French

Description of Water Delivery System

Stock:

The various stock on the property over the years have drank directly from Davis Creek, and its tributary, as shown on the attached map. Stock on the property has included horses, cattle, sheep and swine. Most recently sheep have been the predominate stock raised on the land.

Domestic:

The spring is located approximately 200 feet northeast of the house as shown on the vested water right claim map. A wood spring box whose dimensions are 9 feet wide, 12 feet long and 6 feet deep. The spring is located within the confines of the spring box.

Water is conveyed from the spring box to the house via a 2½ inch cast iron buried pipe. Water is delivered within the confines of the structure and outside faucets via either 1 inch or ¾ inch pipe. A small (less than ½ acre) lawn and garden area is irrigated around the house.

8. REMARKS: Alonzo Davis received a patent from the U.S. Government for 160 acres in Section 13, Township 30S, Range 15W on August 8, 1891. The patent is recorded in Vol. 21 on p. 616 of U.S. Homestead patents. This information is documented in Coos County index of Records number 5222 located in the Coos County Clerks office at the Courthouse in Coquille (a copy is attached in supporting documents file).

The homestead land was located adjacent to the SE1/4 of the SE1/4 of Section 13, T 30S, R 15W (40 acres) which Alonzo Davis purchased from A. F. Emmett on September 17, 1889. On March 1, 1901 Alonzo Davis purchased 26 acres in Section 24, T30S, R 15W from A.F. Emmett which borders the South boundary of the SE1/2 of the SE 1/4 of Section 13, T 30S, R 15W.

Ownership of the ranch is outlined below:

The present house on the farm was constructed in 1900-1901. This information is substantiated in the Langlois Centennial publication on historic farms of the area on page 172. Prior to the construction of the present house, a smaller house (removed in 1960) was used by the Davis family for their residence.

Early photos of the farm show structures in the area of the spring to the rear of the house. Also shown in the photos are 3 barns. The farm was used for the production of livestock starting in 1896. Evidence supporting this use are found in the Coos County Assessment Rolls for the years starting with 1895. These records are stored in the old jail at the courthouse and access to the volumes is difficult. County Treasurer, Mary Barton assisted in finding records for the Alonzo Davis farm for the years 1895, 1896, 1897, 1899, 1904 and

1907. Further volumes for the years before were inaccessible and since the volumes searched provide consistent evidence of livestock production and farm improvement further search was not made. If needed, additional volumes could be searched out.

The attached summary of the Coos County assessment rolls for the years 1895, 1896, 1897, 1899, 1904 and 1907 show the raising of livestock and improvement of the farm land. The median number of Animal Units carried during the eleven years covered in this search was 26.9 Animal Units (AU). An AU equals 1 cow, 1 horse, .2 swine, or .2 sheep. The range of livestock on the farm was from 25.2 AU in 1896 to 30.4 AU in 1907 indicating the livestock carrying capacity of the farm was on the increase.

The spring north of the house provides a supply of water for household and domestic uses today just as the photos suggest the spring water was used for the house then when first built. The spring flows in a channel 30 feet east of the rear of the house making it the logical source of domestic water from the time the house was built until present. The spring is twenty feet higher in elevation than the house and allows gravity flow of the water to the house.

Alonzo Davis had horses, cattle, swine, sheep and

goats on the ranch starting in 1896. The farm is located near the South County line, 4 miles from Langlois which was the center of Dairy and Livestock production for the area. The farm was used for dairy production until 1959 when Virgil P. Cannon converted the farm to sheep production. At the present time the farm is carrying 225 head of sheep and lambs.

Dear Sir:

Please accept the enclosed additional supporting evidence for our pre-1909 Surface Water Registration statement, number SWR-120, which was submitted in December 1992. The additional tax roll and assessment information became available to us just recently and provides certified backup to the Water Right request.

The new material consists of ten (10) <sup>OK/Out</sup> pages of Certified copies of the assessment and tax rolls for nineteen of the years from 1892 to 1942. A revised table of Contents for our application is also included.

Sincerely,
