REPORT OF PERSON MAKING INSPECTION

(For use by Representative of State Engineer)

I, Tom R. Pearce, do hereby certify that I have made an inspection of the works described herein and in Permit No. 16554, on the 26th day of April, 1949, and found the foregoing statements and descriptions of works to be accurate. In my opinion the appropriation has been completed to the extent of 1.17 c.f.s.
(Quantity of water in second-feet or acre-feet)
and I recommend the issuance of water right certificate for this amount.

Dear Mr. McMillin:

Replying to your letter of January 18, you are correct that Certificate of Water Right has been issued on Permit No. 16554. The word "not" was unfortunately included in my letter to you of January 14th.

The application should be made to the State Engineer for change in point of diversion pursuant to Section 116-606, O.C.L.A. The forms enclosed with my previous letter can be used for this purpose.

Re: Your file App. 21124

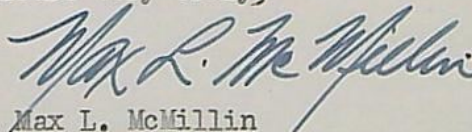

Dear Sir:

I have received your letter of January 14, 1952, regarding the above captioned matter and note that according to your understanding of the records there has been no certificate issued for the water right initiated under Permit No. 16554. According to the information which I have the water right initiated under Permit No. 16554 has been evidenced by certificate of water right which is recorded in Volume 14 of the State Record of Water Right Certificates at page 17306.

There also appears to be some misunderstanding between us as to whether or not the point of diversion is to be changed under the new setup which is sought. It is not proposed to change the point of diversion. The only thing sought is a separation of the water right now held jointly by the parties.

I should appreciate your checking the records on this and advising me in the light of this new information.

Yours very truly,

Max L. McMillin

Dear Mr. Stricklin:

Some time since I sent
a post card to your office,
asking for a transfer blank for
permit no 16554, file no.
21124. I have sold the land
covered by this permit, and
wish to transfer the permit
rights. May I have the blank
at your earliest convenience?

Very truly yours

Dear Mr. Humphreys:

Enclosed is a map
of the parcel of land, showing
the boundaries of which you had
some doubt. I am in Grants
Pass and asked our abstract
man, Mr. Martin, to draw
it for me. I hope this will
clear up the matter and cover up
any error I may have made.

Dear Mrs. Marcy:

This will acknowledge receipt of your letter written on the paper carrying ours of November 8 with which letter you submitted a re-draft of a part of the description of your property in Section 14, Township 36 South, Range 7 West.

Since your letter indicates that you are certain that you have correctly copied the description, we will use this description in issuing your permit; but for your information and with the thought that you may wish at some time to have the matter corrected, the description as submitted is of a traverse which does not close within more than a quarter of a mile. There is apparently a north or approximate north course of about 1631 feet omitted.

Dear Mrs. Marcy:

This will acknowledge receipt of your letter of November 6 transmitting a description of property figuring in your Application No. 21124.

Most of the description appears to be about right but there are apparently some omission of distances and bearings of that part appearing on the second page and for your convenience in making any necessary additions or corrections I am enclosing this second page herewith.

Upon receipt of this part of the description in corrected and completed form it will be added to your application which will then be placed in line for approval and issuance of a permit.

Dear Mr. Humphrey:

I am enclosing a new copy. I left out one statement "north 70°", in the copy I sent you. I took the descriptions from my abstracts, the only descriptions in existence, and checked and double-checked them. When I bought the place there was a Fred Lund Bank loan on it, and they accepted the abstracts & descriptions. They do seem vague, but the piece described on page 2 is very irregular. It has always been accepted. Hope the correction is O.K.

Very truly yours

Dear Mr. Stricklin:

Enclosed you will find the legal description for the lands on which I applied for a sprinkling right from Rogue River. I went to Grants Pass last week and could get the copy from my abstract. That the abstract was in Grants Pass was the reason for the delay. The copy I had before this was erroneous.

Kindly send papers to my permanent address in Coquille.
