RE: File# **SWR-149**

DEAR RAYMOND F. BROWN,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for Susan Waddle. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

- | | |
|-----------------------|---|
| ✓ conveyance | ORS 539.120 "...the location of and each ditch, canal, pipeline or other means of conveying the water..." |
| ✓ paper | OAR 690-14-170-1 "...in ink on permanent-quality linen or 0.003-inch mylar..." |
| ✓ $\frac{1}{10}$ acre | OAR 690-28-025-(4)-(d) "The number of acres irrigated in each quarter quarter shall be shown to the nearest tenth of an acre." You have shown lawn & garden use on the map. You must show the acreage within each $\frac{1}{4}$ $\frac{1}{4}$. |

FAX (503) 378-8130

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

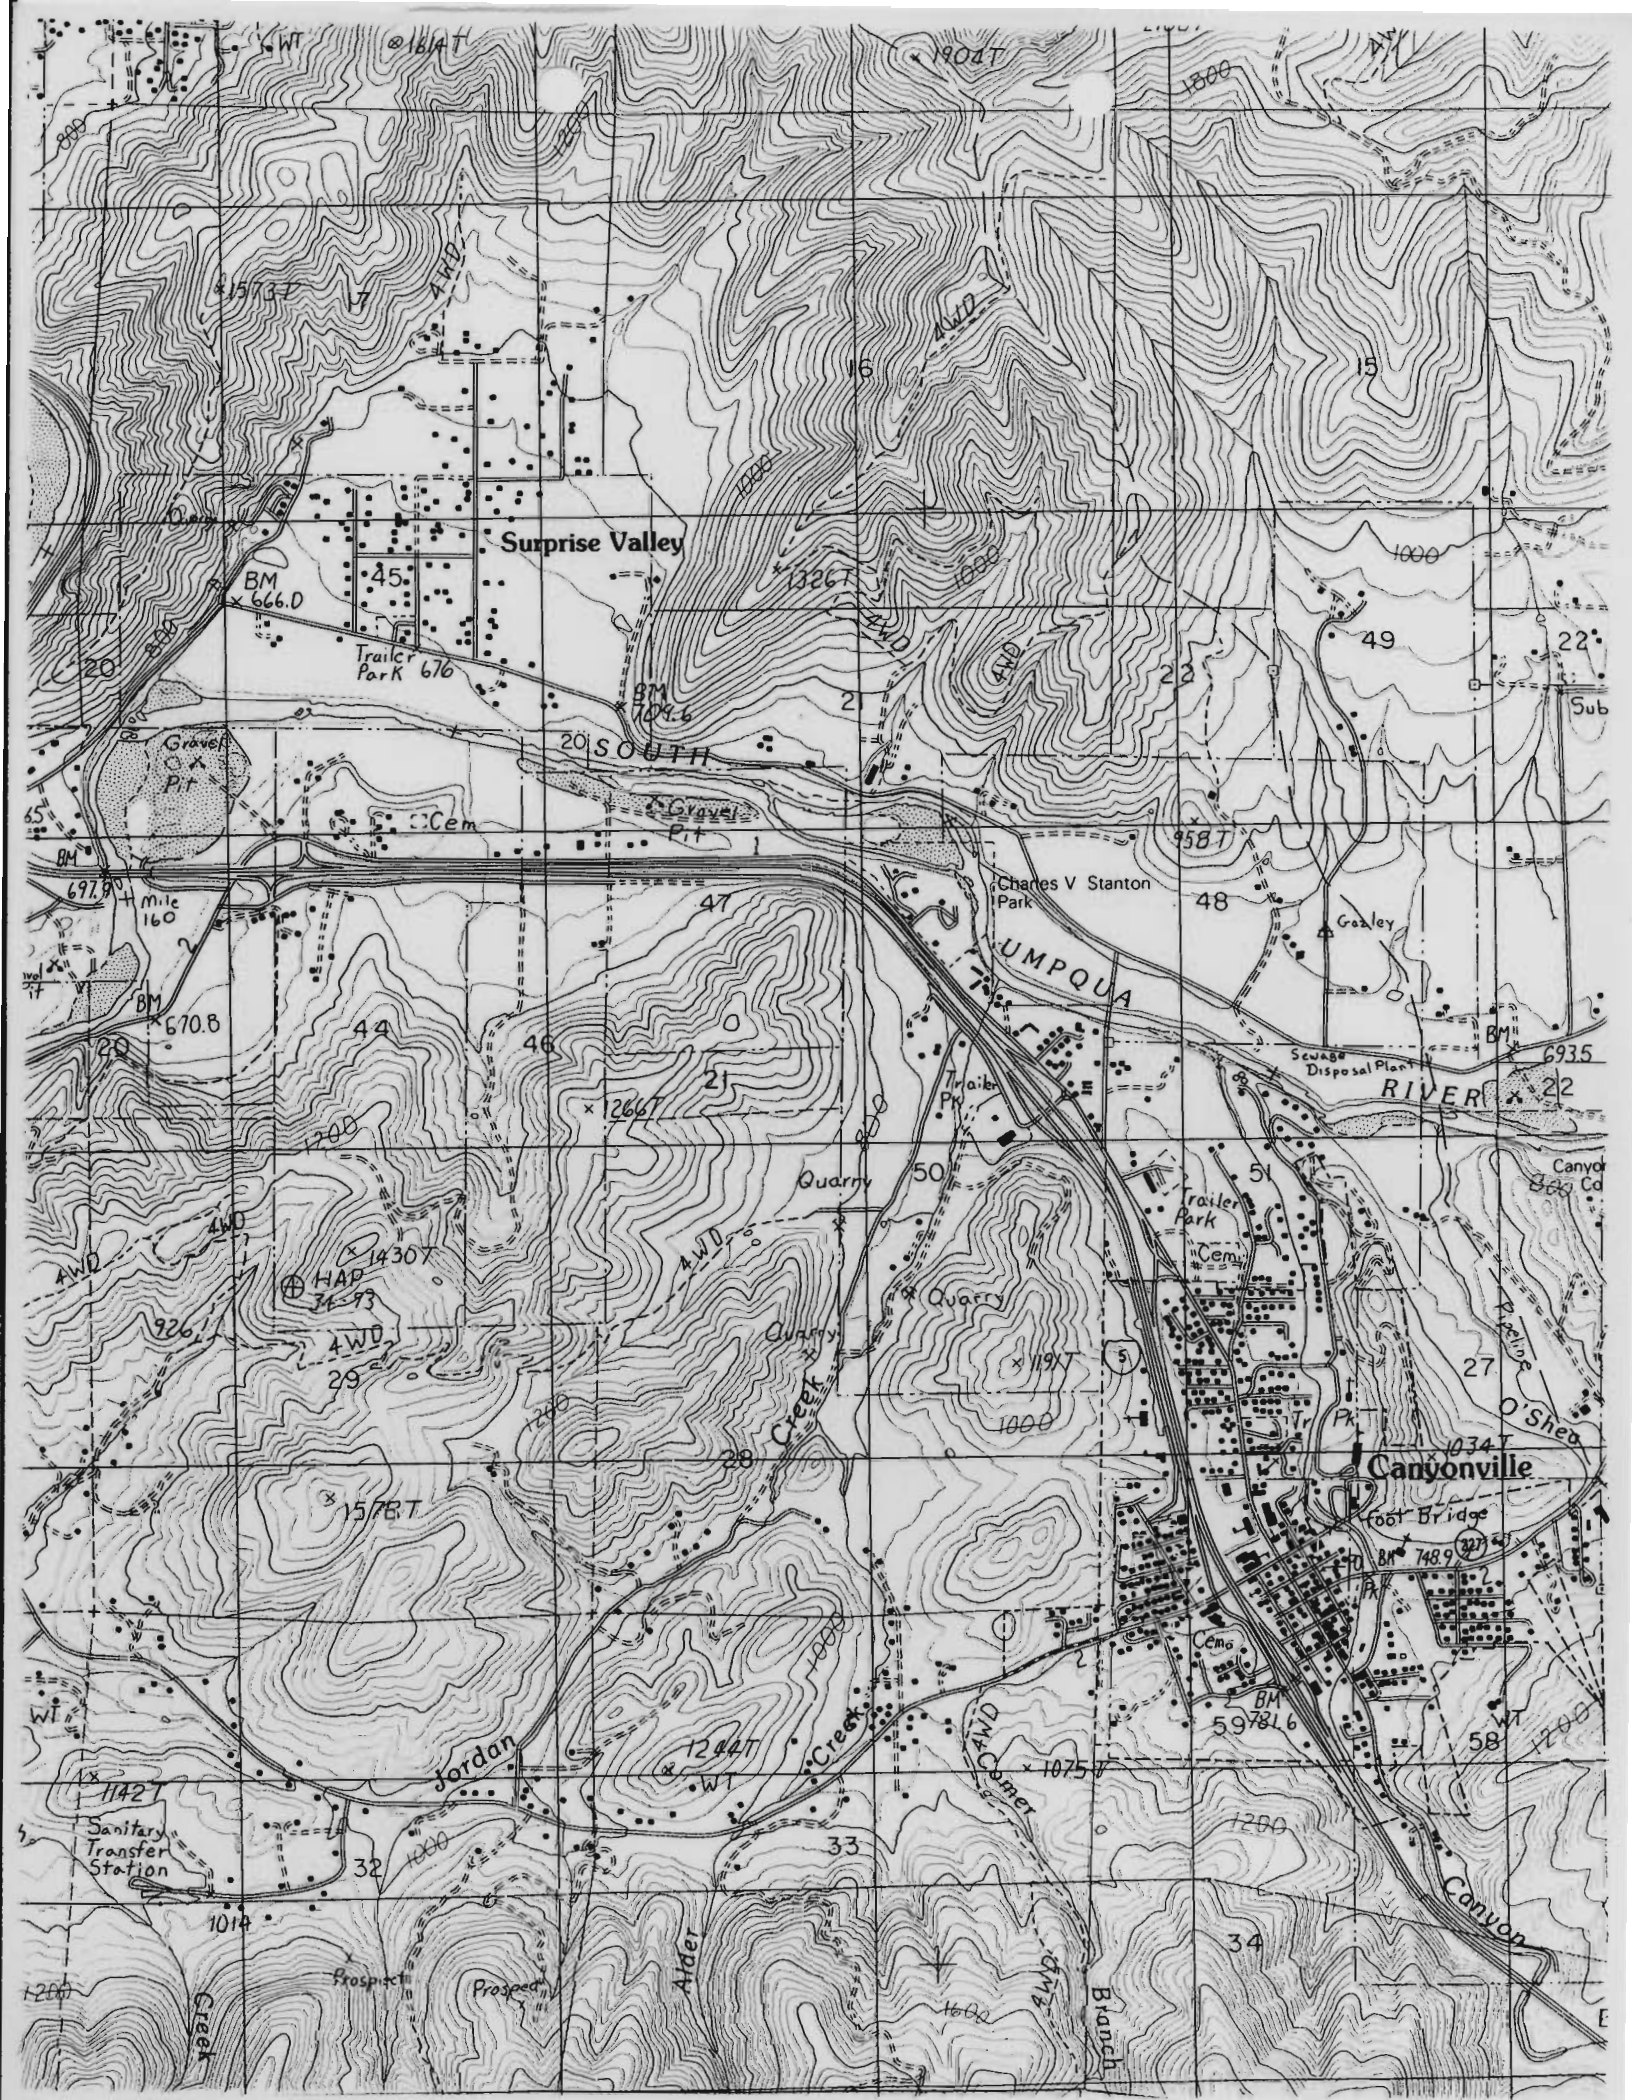

As always, if you have any questions, please give me a call.

Sincerely,
