SUBJECT: Exempt Pond - P-79080

Back in March 1995, the Exempt Pond Application (HB 2153) of Lawrence C. Nielsen, 10070 Butte Falls Hwy, Eagle Point, OR 97524 was assigned the file number P-79080. At that time an error was made in the calculation of the capacity of the reservoir. The second map attached to the application gives an accurate depiction of the size of the reservoir.

A site visit, comparison to the second application map and re-calculation of the dimensions of the pond shows that its capacity should be 6.7 acre feet.
