Attention: Don Knauer:

Dear Don:

During our telephone conversation on December 15, 1992
You asked me to indicate when I would be sending evidence to
support my claim to a pre - 1909 Vested Water Right.

The evidence will consist of information from tax rolls,
deeds, newspapers, government maps, government documents and
affidavits from eye witnesses.

Gathering and compiling such information is laborious and
time consuming; I expect to submit it during the first half
of 1993, however, if it is advantageous to your department to
receive evidence sooner, I will try to accommodate.

Very truly yours,

John Verberkmoes

RE: File# **SWR-159**

DEAR JAMES F. GOSSON,

The Water Resources Department (WRD) received a little over 500 surface water registration statements in December, 1992. All of the files have been set up and receipts for the fees have been sent. The next step is to insure the maps received in support of the claims are acceptable based on Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR).

I am returning the map you prepared for John Verberkmoes. You will find the item which requires completion or correction shown below. I have the description followed by the ORS or OAR site and paraphrased statute or rule.

place of use (1/4 1/4)

ORS 539.240 (2) (d) (B) "The location of place of use by quarter-quarter section..."

1/10 acre

OAR 690-28-025-(4)-(d) "The number of acres irrigated in each quarter quarter shall be shown to the nearest tenth of an acre."

You must return the map before the claim can be processed. If you cannot have the map to the WRD within 60 days, please inform me as to when it can be expected. Please mark all correspondence with the file number.

As always, if you have any questions, please give me a call.

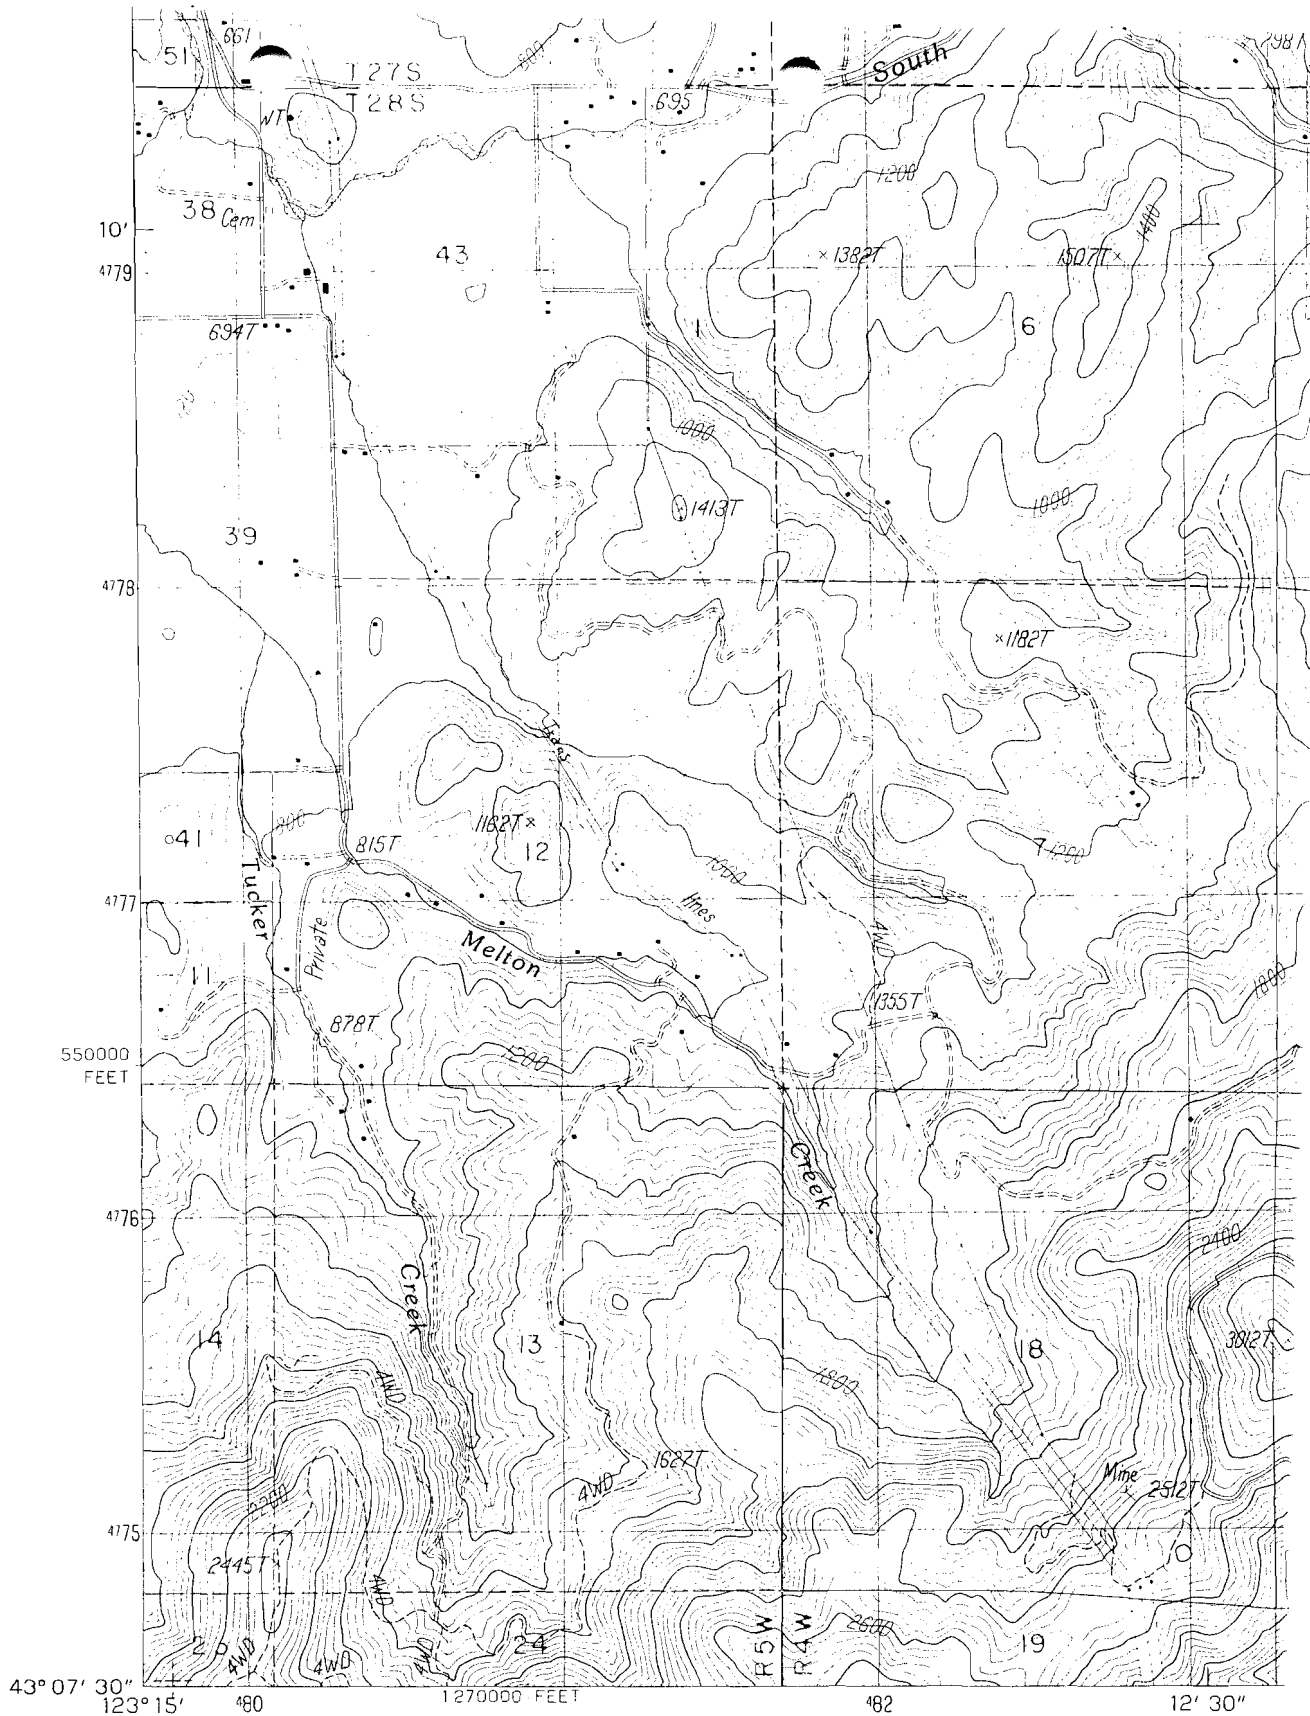

Sincerely,
